SAFETY BOARD****Revision of Routine Uses of Privacy  
Act Systems of Records**

**AGENCY:** Defense Nuclear Facilities  
Safety Board (Board).

**ACTION:** Notice of revision of routine  
uses of Privacy Act systems of records.

**SUMMARY:** Each Federal agency is  
required by the Privacy Act of 1974, 5  
U.S.C. 552a, to publish a description of  
the systems of records containing  
personal information defined by the  
Act. In this notice, the Board updates  
the routine uses to all systems of records  
as required by the Office of Management  
and Budget Memorandum, M-07-16,  
dated May 22, 2007, entitled  
"Safeguarding Against and Responding  
to the Breach of Personally Identifiable

Information." This new routine use  
enables the Board to quickly and  
effectively respond to a breach of  
personally identifiable information  
through disclosure of information  
regarding the breach to those  
individuals affected by it, as well as to  
persons and entities in a position to  
cooperate, either by assisting in  
notification to the affected individuals  
or playing a role in preventing or  
minimizing harms from the breach.

disclose information to appropriate

agencies, entities, and persons when the  
Board (1) Suspects or has confirmed that  
the security or confidentiality of

integrity of this system or other systems  
or programs (whether maintained by the  
Board or another agency or entity) that

necessary to assist in connection with

suspected or confirmed compromise  
and prevent, minimize, or remedy such  
harm.
