

prompt competitive interest in unleased Federal coal in this area. The alternate tract configurations for each of the LBAs that BLM is evaluating are described and analyzed as separate alternatives in the DEIS. Under these alternatives, competitive sales would be held and leases issued for Federal coal lands included in tracts modified by the BLM. The DEIS also analyzes the alternative of rejecting the application(s) to lease Federal coal as the No Action Alternative. The Proposed Actions and alternatives for each of the LBAs being considered in the DEIS are in conformance with the Approved Resource Management Plan for Public Lands Administered by the Bureau of Land Management Buffalo Field Office (2001).

Requests to be included on the mailing list for this project and to request copies of the DEIS or notification of the comment period or hearing date, or both, may be sent in writing, by facsimile, or electronically to the addresses previously stated at the beginning of this notice. The BLM asks that those submitting comments on the DEIS make them as specific as possible with reference to page numbers and chapters of the document. Comments that contain only opinions or preferences will not receive a formal response; however, they will be considered as part of the BLM decision-making process.

Please note that comments and information submitted including names, street addresses, and e-mail addresses of respondents will be available for public review and disclosure at the above address during regular business hours (7:45 a.m. to 4:30 p.m.), Monday through Friday, except holidays.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Donald A. Simpson,

Acting State Director.

BILLING CODE 4310-22-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[OR-930-6350-DQ-047H] HAG-08-0204

Notice of Availability of the Final Environmental Impact Statement for the Revision of the Resource Management Plans of the Western Oregon Bureau of Land Management Districts of Salem, Eugene, Roseburg, Coos Bay, and Medford, and the Klamath Falls Resource Area of the Lakeview District

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Availability.

SUMMARY: In accordance with the National Environmental Policy Act of 1969 and the Federal Land Policy and Management Act of 1976, the Bureau of Land Management (BLM) has prepared six Resource Management Plans with a single associated Final Environmental Impact Statement (RMP/FEIS) for the Salem, Eugene, Roseburg, Coos Bay, and Medford Districts and the Klamath Falls Resource Area of the Lakeview District in western Oregon.

DATES: The Assistant Secretary of the Interior for Land and Minerals Management is the responsible official for the RMP. Accordingly, there will be no administrative review "protest" on the RMP/FEIS under 43 CFR 1610.5-2. The Record of Decision (ROD) will not be signed until at least 30 days after the Environmental Protection Agency (EPA) publishes this notice of availability of the Final EIS in the **Federal Register**.

ADDRESSES: Copies of the RMP/FEIS have been sent to affected federal, state, and local government agencies, and to tribal governments. Interested persons may review the RMP/FEIS on the Internet at <http://www.blm.gov/or/plans/wopr/index.php>. Copies of the RMP/FEIS are available for public inspection at Salem, Eugene, Roseburg, Coos Bay, and Medford District offices and the Grants Pass, Klamath Falls and Tillamook Resource Area offices.

FOR FURTHER INFORMATION, CONTACT: Jerry Hubbard, Western Oregon Plan Revisions Public Outreach Coordinator; at (503) 808-6115.

SUPPLEMENTARY INFORMATION: The BLM has analyzed revision of six Resource Management Plans with this single Environmental Impact Statement. These plans are the Salem, Eugene, Roseburg, Medford, and Coos Bay District RMPs and the Klamath Falls Resource Area RMP. The RMP/FEIS for the Western Oregon Bureau of Land Management Districts has identified and analyzed

four action alternatives, including the RMP, for managing approximately 2,550,000 acres of federal land, most of which are revested Oregon and California Railroad Grant and Coos Bay Wagon Road Grant lands, within the western Oregon planning area.

The major resource management plan issues include:

- Providing a sustainable supply of wood and other forest products, as mandated by the Oregon & California Lands Act of 1937, while also meeting other applicable laws.
- Providing for conservation of species listed under the Endangered Species Act.
- Contributing to meeting the goals of the Clean Water Act and the Safe Drinking Water Act.
- Reducing the risk of wildfire and integrating fire back into the ecosystem.

Comments received on the Draft Environmental Impact Statement (DEIS) were important in shaping the Resource Management Plans. The RMP is based on Alternative 2 from the DEIS, but includes portions of the other alternatives in the DEIS.

Some of the key changes include:

- Wider riparian management areas, as described in Alternative 1 of the DEIS.
- Late successional management areas were reconfigured to match the Final Northern Spotted Owl Recovery Plan.
- Deferring harvest for 15 years in "older and more structurally complex multi-layered conifer stands," as described in Final Northern Spotted Owl Recovery Plan in the timber management area.
- Using uneven-aged management, as described in Alternative 3 of the DEIS, in the southern portion of the Medford District and the Klamath Falls Resource Area to decrease fire hazard and increase fire resiliency.

Dated: September 8, 2008.

Edward W. Shepard,

State Director, Oregon/Washington, Bureau of Land Management.
