and develop any new alternatives needed to complete the range of options under consideration for Amendment 15. The primary management topic left to develop is the implementation of annual catch limits (ACLs). Other alternatives that may be revisited or revised at this meeting include: measures to rationalize the limited access scallop fishery; revision of the overfishing definition; modifications to specific aspects of the general category limited entry program implemented by Amendment 11; measures to address essential fish habitat (EFH) closed areas in the Scallop FMP if the EFH Omnibus Amendment is delayed; alternatives to improve the research set-aside program; and modifying the start date of the scallop fishing year. The committee may discuss other topics at their discretion.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Paul J. Howard, Executive Director, at (978) 465–0492, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 et seq.

Dated: October 14, 2008.

Tracey L. Thompson, Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

FOR FURTHER INFORMATION CONTACT: Requests for additional information should be directed to the attention of Sharon R. Marsh, Deputy Commissioner for Trademark Examination Policy, Office of the Commissioner for Trademarks, U.S. Patent and Trademark Office, P.O. Box 1451, Alexandria, VA 22313–1450.

SUPPLEMENTARY INFORMATION:

I. Abstract

Under Section 5 of the Fastener Quality Act of 1999 (FQA), 15 U.S.C. 5401 et seq., certain industrial fasteners must bear an insignia identifying the manufacturer. The manufacturer must record this fastener insignia with the United Stated Patent and Trademark Office (USPTO). The procedures for the recordal of fastener insignia under the FQA are set forth in 15 CFR 280.300 et seq.

Manufacturers of certain fasteners are required to record their insignia. The purpose of this collection is to ensure that certain fasteners can be traced to their manufacturers. It is mandatory for manufacturers of fasteners covered by the FQA to submit an application to the USPTO for recordal of an insignia on the Fastener Insignia Register.

The insignia may be either a unique alphanumeric designation that the USPTO will issue upon request, or a trademark that is either registered at the USPTO or is the subject of an application to obtain a registration. After a manufacturer submits a complete application for recordal, the USPTO issues a Certificate of Recordal. These certificates remain active for five years. Applications to maintain the certificates must be filed within six months of the expiration date or upon payment of an additional surcharge, within six months following the expiration date. If a recorded alphanumeric designation is assigned by the manufacturer, the designation becomes “inactive,” and the new owner must submit an application to reactivate the designation within six months of assignment. If the recordal is based on a trademark application or registration, and that registration is assigned, the recordal becomes “inactive” and cannot be reactivated. Instead, the new owner of the trademark application or registration must apply for a new recordal. Manufacturers who record insignia must notify the USPTO of any changes of address.

This information collection includes one form, the Application for Recordal of Insignia or Renewal/Reactivation of Recordal Under the Fastener Quality Act (PTO–1611), which provides manufacturers with a convenient way to submit a request for the recordal of a fastener insignia or to renew or reactivate an existing Certificate of Recordal. Use of Form PTO–1611 is mandatory, and applicants may instead prepare requests for recordal using their own format. In October of 2007 OMB approved a Change Worksheet to update the design of Form PTO–1611 and to include instructions for submitting the completed form by electronic mail.

The public uses this information collection to comply with the insignia recordal provisions of the FQA. The USPTO uses the information in this collection to maintain the Fastener Insignia Register, which is open to public inspection. The public may download the Fastener Insignia Register from the USPTO Web site or purchase printed copies from the USPTO.

II. Method of Collection

By mail, facsimile, hand delivery, or electronically to the USPTO.

III. Data

OMB Number: 0651–0028.

Form Number(s): PTO–1611.

Type of Review: Extension of a currently approved collection.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 130 responses per year.

Estimated Time per Response: The USPTO estimates that it will take the public approximately 15 minutes (0.25 hours) to gather the necessary information, prepare the form, and submit the request for recordal or renewal of a fastener insignia to the USPTO.

Estimated Total Annual Respondent Burden Hours: 33 hours per year.

Estimated Total Annual Respondent Cost Burden: $3,300 per year. The USPTO expects that the information in this collection will be prepared by paraprofessionals at an estimated rate of $100 per hour. Therefore, the USPTO estimates that the respondent cost burden for this collection will be $3,300 per year.
Estimated Total Annual Non-hour Respondent Cost Burden: $2,845. There are no capital start-up costs, recordkeeping costs, or maintenance costs associated with this information collection. However, this collection does have annual (non-hour) costs in the form of filing fees and postage costs.

Under 37 CFR 2.7, the filing fee for a recordal of fastener insignia is $20, whether it be a new recordal, renewal, or a request for reactivation. The USPTO estimates that it will receive 125 new recordals or renewals of fastener insignia per year for a total of $2,500 in filing fees. If a manufacturer submits a renewal after the expiration date but within six months of that date, then the manufacturer must pay an additional $20 late renewal surcharge. The USPTO estimates that approximately 10 of the estimated 125 responses per year will be late renewals that incur the surcharge, for a total of $200 in additional charges.

The USPTO estimates that approximately 5 reactivation requests will be received per year, for a total of $100. Therefore, the total estimated filing costs for this collection will be $2,800 per year.

The public may submit the information for this collection to the USPTO by mail through the United States Postal Service. The USPTO estimates that approximately 60 of the 130 responses per year will be submitted to the USPTO by mail at an average first-class postage cost of 75 cents per response, for a total postage cost of $45 per year.

The total non-hour respondent cost burden for this collection in the form of filing fees ($2,800) and postage costs ($45) is estimated to be $2,845 per year.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, e.g., the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: October 10, 2008.

Susan K. Fawcett,
Records Officer, USPTO, Office of the Chief Information Officer, Customer Information Services Group, Public Information Services Division.

DEPARTMENT OF DEFENSE
Office of the Secretary

[Transmittal Nos. 08–96]

36(b)(1) Arms Sales Notification

AGENCY: Department of Defense, Defense Security Cooperation Agency.

ACTION: Notice.

SUMMARY: The Department of Defense is publishing the unclassified text of a section 36(b)(1) arms sales notification. This is published to fulfill the requirements of section 155 of Public Law 104–164 dated 21 July 1996.

FOR FURTHER INFORMATION CONTACT: Ms. B. English, DSCA/DBO/CFM, (703) 601–3740.

The following is a copy of a letter to the Speaker of the House of Representatives, Transmittals 08–96 with attached transmittal, policy justification, Sensitivity of Technology, and Section 620C(d).

Dated: October 7, 2008.

Patricia L. Toppings,
OSD Federal Register Liaison Officer, Department of Defense.
