Southern Natural Gas Company, Magnolia Enterprise Holdings, Inc.; Notice of Petition To Amend

October 15, 2008.

Take notice that on October 2, 2008, Southern Natural Gas Company (Southern), P.O. Box 2563, Birmingham, Alabama 35202-2563 and Magnolia Enterprise Holdings, Inc. (MEHI), Ten Peachtree Place, Location 1466, Atlanta, Georgia 30309, filed in Docket No. CP08-5-001, a joint petition to amend the lease transaction approved by Commission order issued July 17, 2008, in Docket No. CP08-5-000. It is stated that the amendment of the lease would provide for both parties to terminate the lease prior to the end of the primary term in the event certain economic factors change; include the East Brunswick meter station and Macon Milledgeville No. 3 meter station as part of the leased facilities; and include nonconforming language in the Atlanta Gas Light Company (AGLC) Exhibit B to its firm service agreement which provides for the termination of the package of capacity relating to the lease coinciding with the expiration of the lease, all as more fully set forth in the petition to amend which is on file with the Commission and open to public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Any initial questions regarding Southern's proposal in this petition should be directed to Patricia S. Francis, Senior Counsel, Southern Natural Gas Company, P.O. Box 2563, Birmingham,

Alabama 35202-2563, or call (205) 325-7696. Any initial questions regarding MEHI's proposal in this petition should be directed to Shannon Omia Pierce, Senior Regulatory Counsel, AGL Resources, Inc., Ten Peachtree Place, 15th Floor, Atlanta, Georgia 30309, or call (404) 584-3394.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project

provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit the original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

Comment Date: November 5, 2008.

Secretary.
