GENERAL SERVICES ADMINISTRATION

Multiple Award Schedule Advisory Panel; Notification of Public Advisory Panel Meetings

AGENCY: U.S. General Services Administration (GSA).

ACTION: Notice.

SUMMARY: The U.S. General Services Administration (GSA) Multiple Award Schedule Advisory Panel (MAS Panel), a Federal Advisory Committee, will hold public meetings on the following dates: Monday, November 10, 2008 and Wednesday, November 12, 2008. GSA utilizes the MAS program to establish long-term Governmentwide contracts with responsible firms to provide Federal, State, and local government customers with access to a wide variety of commercial supplies (products) and services.

The MAS Panel was established to develop advice and recommendations on MAS program pricing policies, provisions, and procedures in the context of current commercial pricing practices. The Panel will be developing recommendations for MAS program pricing provisions for the acquisition of (1) professional services; (2) products; (3) total solutions which consist of professional services and products; and (4) non professional services. In developing the recommendations, the Panel will, at a minimum, address these 5 questions for each of the 4 types of acquisitions envisioned above: (1) Where does competition take place?; (2) If competition takes place primarily at the task/delivery order level, does a fair and reasonable price determination at the MAS contract level really matter?; (3) If the Panel consensus is that competition is at the task order level, are the methods that GSA uses to determine fair and reasonable prices and maintain the price/discount

relationship with the basis of award customer(s) adequate?; (4) If the current policy is not adequate, what are the recommendations to improve the policy/guidance?; and (5) If fair and reasonable price determination at the MAS contract level is not beneficial and the fair and reasonable price determination is to be determined only at the task/delivery order level, then what is the GSA role?

To that end, the Panel would like to hear from the many stakeholders of the MAS program. The MAS program stakeholders include, but are not limited to, ordering agency contracting officers, GSA contracting officers, schedule contract holders, Congress, program managers, General Accountability Office, and Federal agency Inspector General Offices. The panel is particularly interested in stakeholder views as to how the issues discussed above may relate differently to the purchase of goods, services, or goods and services that are configured to propose an integrated solution to an agency's needs. Written comments may be submitted at any time in accordance with the guidance below.

Acquisition of Solutions and Non Professional Services Discussion and Recommendations—Monday, November 10, 2008 and Wednesday, November 12, 2008, Location & Address:

Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the

proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden. To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, e-mail your request, including your address, phone number, OMB number, and OS document identifier, to Sherrette.funncoleman@hhs.gov, or call the Reports Clearance Office on (202) 690-6162. Proposed Project: SF-424 Grants Application Form—OMB No. 4040-0004—Revision-Grants.gov The SF-424 form is an OMB approved collection (4040-0004). Proposed revisions of the SF-424 include global changes created by the Federal Funding Accountability and Transparency Act (Transparency Act). The Transparency Act was signed into law on September 26, 2006 (Pub. L. 109-282). The legislation requires the Office of Management and Budget (OMB) to establish a publicly available, online database containing information about entities that are awarded federal grants, loans, and contracts. The revised form will assist agencies in collecting some of the required data elements for the database through the SF-424 grant applications. This form will be utilized by up to 26 federal grant making agencies.

The SF-424 form revisions incorporate standard data elements required by the Transparency Act such as a nine-digit zip code, the addition of "Parish" to the "County" field, and common language in the form instructions to "Areas Affected by Project" and the "Congressional District Of." We are requesting a three year clearance of this form. The affected public may include: Federal, State, local, or tribal governments, business or other for profit, and not for profit institutions.
