[Docket No. FAA-2008-0629]

Operating Limitations for Unscheduled Operations at John F. Kennedy International Airport and Newark Liberty International Airport

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Disposition of Comments to Proposed Order.

SUMMARY: On July 17, 2008, the FAA issued a proposed order requesting written views on the FAA's tentative determination to temporarily limit unscheduled aircraft operations at John F. Kennedy International Airport (JFK) and Newark Liberty International Airport (EWR). The temporary limit was intended to supplement previously issued FAA orders limiting scheduled operations at both airports by addressing congestion related delays that would otherwise occur pending the ongoing rulemaking action for JFK and EWR. This disposition of comments explains the FAA's rationale for not presently adopting the proposed order and discusses the comments received in response to the proposed order.

ADDRESSES: To read background documents or comments received, go to <http://www.regulations.gov> and follow the online instructions for accessing the docket. Alternatively, go to the Docket Operations in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue, SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Discussion of Written Submissions and the Final Order

The FAA published the Notice of Proposed Order, “Operating Limitations for Unscheduled Operations at John F. Kennedy International Airport and Newark Liberty International Airport,” on July 17, 2008. The FAA concludes that it is unnecessary to issue a final order because the limits proposed are imposed by a final rule, “Congestion Management Rule for John F. Kennedy International Airport and Newark Liberty International Airport,” (“Final Rule”) issued on October 10, 2008.¹ However, if the Final Rule is rendered ineffective for any reason, the FAA may adopt the proposed order as final without an opportunity for further comment. Accordingly, the comments to the proposed order are discussed below.

The Notice requested comments on several aspects of the proposed order, as well as any general comments. The comment period closed on July 28, 2008. The FAA received one comment during the comment period and eleven additional comments after the closing date. These comments are from interested parties including airlines, all-cargo air carriers, a public charter operator, and industry organizations. Several commenters generally support the FAA's goal of reducing congestion at the New York area airports, and three commenters support the proposal in its entirety. Commenters opposing the
