**Proposed Information Collection Activity; Comment Request**

*Proposed Project:*  
*Title:* Feasibility Test for Design Phase of National Study of Child Care Supply and Demand.  
*OMB No.:* New Collection.  
*Description:* The Administration for Children and Families (ACF), U.S.

Department of Health and Human Services (HHS), intends to collect information as part of the Design Phase of the National Study of Child Care Supply and Demand. This effort will gather information that will be useful for evaluating the feasibility and improving the design of a national study of child care supply and demand. The proposed collection will consist of telephone calls and in-person interviews with various types of caregivers, including parents, home-based child care providers, center-based child care providers and before- and after-school programs. These data collection efforts will be used to examine the functioning of draft survey instruments. The feasibility test procedures will help inform several decisions about proposed design of the national study, including sampling methods, costs and advantages associated with alternative interviewing protocols and reactions to the proposed methods.

*Respondents:* General population households, home-based and center-based child care providers and public schools serving children under age 13.
