Background
Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption for a 2-year period if it finds “such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption.” The statute also allows the Agency to renew exemptions at the end of the 2-year period. The comment period ended on October 9, 2008.

Discussion of Comments
FMCSA received no comments in this proceeding.

Conclusion
The Agency has not received any adverse evidence on any of these drivers that indicates that safety is being compromised. Based upon its evaluation of the 13 renewal applications, FMCSA renews the Federal vision exemptions for Robert L. Aurandt, Donald Bostic, Jr., Harry R. Brewer, Clarence N. Florey, Jr., Joseph H. Fowler, Donald R. Hiltz, Kelly R. Konesky, Gregory T. Lingard, Hollis J. Martin, Kevin C. Palmer, Charles O. Rhodes, Gordon G. Roth, and Daniel A. Sohn.

In accordance with 49 U.S.C. 31136(e) and 31315, each renewal exemption will be valid for 2 years unless revoked earlier by FMCSA. The exemption will be revoked if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31315.

2. Background
a. FTA’s Responsibilities. Since Federal FY 1995, FTA has been

Federal Fiscal Year 2009 Annual List of Certifications and Assurances for Federal Transit Administration Grants and Cooperative Agreements

AGENCY: Federal Transit Administration, DOT.

BILLING CODE 4910–EX–P
consolidating the various certifications and assurances that may be required of its Applicants and their projects into a single document for publication in the Federal Register. FTA intends to continue publishing this document annually, when feasible in conjunction with its publication of the FTA annual apportionment notice, which sets forth the allocations of funds made available by the latest U.S. Department of Transportation (U.S. DOT) annual appropriations act. Because U.S. DOT’s full-year appropriations for Federal FY 2009 were not signed into law on October 1, 2008 (the first day of Federal FY 2009), and have not yet been signed into law, FTA is proceeding with publication of its Certifications and Assurances for FY 2009.

b. Applicant’s Responsibilities.
Irrespective of whether a project will be financed under the authority of 49 U.S.C. chapter 53, Title 23, United States Code, or another Federal statute, the Applicant must submit Federal FY 2009 Certifications and Assurances to FTA applicable to all projects for which the Applicant seeks funding during Federal FY 2009.

FTA requests that an Applicant to submit all of the twenty-four (24) categories of the Certifications and Assurances that may be needed for all projects for which the Applicant intends to or might seek Federal assistance in the Federal FY 2009. Selecting and submitting these Certifications and Assurances to FTA signifies the Applicant’s intent and ability to comply with all provisions thereof.

In order to assure FTA that the Applicant is authorized under State and local law to certify compliance with the FTA Certifications and Assurances it has selected, FTA requires the Applicant to obtain a current (Federal FY 2009) affirmation signed by the Applicant’s attorney affirming the Applicant’s legal authority to certify its compliance with the FTA Certifications and Assurances that the Applicant has selected. The Applicant’s attorney must sign this affirmation during Federal FY 2009. Irrespective of whether the Applicant makes a single selection of all twenty-four (24) categories of FTA, Certifications and Assurances or selects individual categories from the FTA, Certifications and Assurances, the Certification of Applicant’s Attorney from a previous Federal FY is not acceptable, unless FTA expressly determines otherwise in writing.

c. Effect of Subrecipient Participation.
Absent a written determination by FTA to the contrary, the Applicant itself is ultimately responsible for compliance with the FTA Certifications and Assurances it has selected even though the Project may be carried out in whole or in part by one or more subrecipients. Thus, if subrecipients will be participating in the Project, when the Applicant submits its FTA Certifications and Assurances, the Applicant is also signifying that it will be responsible for compliance, both of itself and of each of its subrecipients, with the provisions of the FTA Certifications and Assurances it has selected. Therefore, in providing Certifications and Assurances that necessarily involve the compliance of any prospective subrecipient, FTA strongly recommends that the Applicant take the appropriate measures, including but not limited to obtaining sufficient documentation from each subrecipient participating in the project, to assure the validity of the Applicant’s Certifications and Assurances to FTA.

3. Significant Information About FTA’s Certifications and Assurances for Federal FY 2009

a. Legal Implications
(1) Binding Commitments. Because the Applicant is required by Federal law and regulations to comply with the applicable provisions of all FTA Certifications and Assurances it submits, it is important that the Applicant be familiar with the provisions of all twenty-four (24) categories of FTA Certifications and Assurances for Federal FY 2009. The text of those Certifications and Assurances is contained in Appendix A of this Notice, and also appears at http://www.fta.dot.gov/documents/2009-Certs-Appendix-A.pdf, and in FTA’s electronic award and management system, TEAM-Web, http://fteamweb.fta.dot.gov, at the “Cert’s & Assurances” tab of the “View/Modify Recipients” page in the “Recipients” option. Provisions of this Notice supersede conflicting statements in any FTA circular containing a previous version of FTA’s annual Certifications and Assurances. The Certifications and Assurances contained in those FTA circulars are merely examples, and are not acceptable or valid for Federal FY 2009.

An Applicant’s annual Certifications and Assurances to FTA generally remain in effect for either the duration of the Grant or Cooperative Agreement supporting the Project until the Project is closed out or for the duration of the Project or Project property when a useful life or industry standard is in effect, whichever occurs later. If, however, the Applicant provides Certifications and Assurances to FTA in a later year that differ from the

Certifications and Assurances previously provided, the later

Certifications and Assurances will apply to the Grant, Cooperative Agreement, Project, or Project property, except to the extent FTA permits otherwise in writing.

(2) Penalties for Noncompliance. If the Applicant makes a false, fictitious, or fraudulent claim, statement, submission, certification, assurance, or representation to the Federal government or includes a false, fictitious, or fraudulent statement or representation in any agreement with the Federal government in connection with a Project authorized under 49 U.S.C. chapter 53 or any other Federal law, the Federal government reserves the right to impose on the Applicant the penalties of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. 3801 et seq., and implementing U.S. DOT regulations, “Program Fraud Civil Remedies,” 49 CFR part 31, or the penalties of 49 U.S.C. 5323(l) invoking the criminal provisions of 18 U.S.C. 1001, or other applicable Federal law to the extent the Federal government deems appropriate.

(3) FTA’s Certifications and Assurances Constitute Only a Partial List of Federal Requirements. FTA cautions that the FTA Certifications and Assurances required by Federal law and regulations do not address all the Federal requirements that will apply to the Applicant and its Project. FTA’s Certifications and Assurances are generally pre-award requirements, i.e., those requirements of Federal law and regulations the Applicant must fulfill before FTA is legally authorized to award of Federal financial assistance to an Applicant.

(4) Other Federal Requirements. Because FTA’s Certifications and Assurances do not encompass all Federal requirements that will apply to the Applicant and its Project, FTA strongly encourages the Applicant to review the Federal authorizing legislation, regulations, and directives pertaining to the program or programs for which the Applicant seeks Federal assistance. The FTA Master Agreement for Federal FY 2009 at http://www.fta.dot.gov/documents/15-Master.pdf identifies a substantial number of those Federal laws, regulations, and directives that apply to Applicants and their various projects.

b. Importance of FTA’s Certifications and Assurances for Federal FY 2009.
Following publication of these Certifications and Assurances, FTA may take the appropriate measures to assure the Applicant of Federal financial assistance through a Federal Grant or Cooperative Agreement until the Applicant submits
all of the FTA Certifications and Assurances for Federal FY 2009 pertaining to itself and its project as required by Federal laws and regulations. The Applicant’s Certifications and Assurances for Federal FY 2009 will be applicable to all projects for which it seeks Federal assistance during Federal FY 2009 and through the next Federal FY until FTA issues its annual Certifications and Assurances for Federal FY 2010.

c. Federal FY 2009 Changes. Apart from minor editorial revisions, significant changes to FTA’s Certifications and Assurances include the following:

1. In the Introductory paragraphs preceding the text of FTA’s Certifications and Assurances:
   (b) A new provision has been added expressly reminding the Applicant that when it applies for FTA assistance on behalf of a consortium, joint venture, partnership, or team, each member of that consortium, joint venture, partnership, or team is responsible for compliance with the certifications and assurances the Applicant selects pertaining to any FTA assisted project.

3. Categories 13 and 21. Subsection 201(i) of the SAFETEA–LU Technical Corrections Act, 2008, Pub. L. 110–244, June 6, 2008, changed the name of the “Alternative Transportation in Parks and Public Lands Program” to the “Paul S. Sarbanes Transit in Parks Program.” References to that program have been amended to reflect the new name change.

4. When to Submit. All Applicants for FTA formula program or capital program assistance, and current FTA Grantees with an active project financed with FTA formula program or capital program assistance, are expected to provide their FTA Certifications and Assurances for Federal FY 2009 within 90 days from the date of this publication or as soon as feasible after their first application for Federal assistance authorized or made available for Federal FY 2009, whichever is earlier. In addition, FTA encourages Applicants seeking Federal assistance for other projects to submit their FTA Certifications and Assurances to FTA as soon as possible to expedite awards of FTA assistance.

4. Ways to Submit FTA’s Certifications and Assurances

As further explained, FTA will accept an Applicant’s Certifications and Assurances submitted either in TEAM–Web at http://ftateamweb.fta.dot.gov, or on paper containing the text set forth on the Signature Page(s) of Appendix A of this Notice. In order of preference, FTA permits:

The TEAM–Web “Recipients” option at the “Cert’s & Assurances” tab of the “View/Modify Recipients” page contains fields for selecting among the twenty-four (24) categories of FTA Certifications and Assurances to be submitted. There is also a field for entering a single selection covering all twenty-four (24) categories of FTA Certifications and Assurances.

Within the “Cert’s & Assurances” tab is a field for the Applicant’s authorized representative to enter his or her personal identification number (PIN), which constitutes the Applicant’s electronic signature for the FTA Certifications and Assurances selected. In addition, there is a field for the Applicant’s attorney to enter his or her PIN, affirming the Applicant’s legal authority to make and comply with the FTA Certifications and Assurances the Applicant has selected. The Applicant’s authorized representative may enter his or her PIN in lieu of the attorney’s PIN, provided that the Applicant has a current Affirmation of Applicant’s Attorney as set forth in Appendix A of this Notice, written and signed by the attorney and dated in Federal FY 2009.

For more information, the Applicant may contact the appropriate FTA Regional Office or Metropolitan Office listed in this Notice.

b. Paper Submission. Only if the Applicant is unable to submit its FTA Certifications and Assurances in TEAM–Web may the Applicant submit its FTA Certifications and Assurances on paper. If an Applicant is unable to submit its FTA Certifications and Assurances electronically, it must mark the categories of FTA Certifications and Assurances it is making on the Signature Page(s) in Appendix A of this Notice and submit them to FTA. The Applicant may signify compliance with all categories by placing a single mark in the appropriate space or select the categories applicable to itself and its projects.

The Applicant must enter its signature on the Signature Page(s) and must provide an Affirmation of Applicant’s Attorney pertaining to the Applicant’s legal capacity to make and comply with the Certifications and Assurances the Applicant has selected. The Applicant may enter its signature in lieu of its attorney’s signature in the Affirmation of Applicant’s Attorney section of the Signature Page(s), provided that the Applicant has on file the Affirmation of Applicant’s Attorney as set forth in Appendix A of this Notice, written and signed by the attorney and dated in Federal FY 2009.

For more information, the Applicant may contact the appropriate FTA Regional Office or Metropolitan Office listed in this Notice.

Federal Fiscal Year 2009 Certifications and Assurances for Federal Transit Administration Assistance Programs

Preface

In accordance with 49 U.S.C. 5323(n), the following certifications and assurances have been compiled for Federal Transit Administration (FTA) assistance programs. FTA requests each Applicant to provide as many certifications and assurances as needed for all programs for which the Applicant intends to seek FTA assistance during Federal Fiscal Year 2009. Category 01 applies to all Applicants. Category 02 applies to all applications for Federal assistance in excess of $100,000. Categories 03 through 24 will apply to and be required for some, but not all, Applicants and projects. An Applicant may select a single certification that will cover all the programs for which it anticipates submitting an application. FTA requests the Applicant to read each certification and assurance carefully and select all certifications and assurances that may apply to the programs for
which it expects to seek Federal assistance.

FTA and the Applicant understand and agree that not every provision of these certifications and assurances will apply to every Applicant or every project for which FTA provides Federal financial assistance through a Grant Agreement or Cooperative Agreement. The type of project and the section of the statute authorizing Federal financial assistance for the project will determine which provisions apply. The terms of these certifications and assurances reflect applicable requirements of FTA’s enabling legislation currently in effect.

The Applicant also understands and agrees that these certifications and assurances are special preaward requirements specifically prescribed by Federal law or regulation and do not encompass all Federal laws, regulations, and directives that may apply to the Applicant or its project. A comprehensive list of those Federal laws, regulations, and directives is contained in Master Agreement MA(15) for Federal Fiscal Year 2009 at the FTA Web site http://www.fta.dot.gov/documents/15-Master.pdf. The certifications and assurances in this document have been streamlined to remove most provisions not covered by statutory or regulatory certification or assurance requirements.

Because many requirements of these certifications and assurances will require the compliance of the subrecipient of an Applicant, we strongly recommend that each Applicant, including a State, that will be implementing projects through one or more subrecipients, secure sufficient documentation from each subrecipient to assure compliance, not only with these certifications and assurances, but also with the terms of the Grant Agreement or Cooperative Agreement for the project, and the applicable Master Agreement for its project, if applicable, incorporated therein by reference. Each Applicant is ultimately responsible for compliance with the provisions of the certifications and assurances applicable to itself or its project irrespective of participation in the project by any subrecipient. The Applicant understands and agrees that when it applies for FTA assistance on behalf of a consortium, joint venture, partnership, or team, each member of that consortium, joint venture, partnership, or team is responsible for compliance with the certifications and assurances the Applicant selects.

FTA strongly encourages each Applicant to use its certifications and assurances through TEAM-Web, FTA’s electronic award and management system, at http://fteamweb.fta.dot.gov. Twenty-four (24) Categories of certifications and assurances are listed by numbers 01 through 24 in the TEAM-Web “Recipients” option at the “Cert’s & Assurances” tab of “View/Modify Recipients.” Should the Applicant choose not to submit its certifications and assurances through TEAM-Web, the Applicant may submit its certifications and assurances on paper by submitting the Signature Page(s) at the end of this document, indicating the certifications and assurances it is making on one side of the document or on one page, and signing its affirmation and that of its attorney on the other side or other page.

01. Assurances Required for Each Applicant

Each Applicant for FTA assistance must provide all assurances in this Category “01.” Except to the extent that FTA expressly determines otherwise in writing, FTA may not award any Federal assistance until the Applicant provides the following assurances by selecting Category “01.”

A. Assurance of Authority of the Applicant and Its Representative

The authorized representative of the Applicant and the attorney who sign these certifications, assurances, and agreements affirm that both the Applicant and its authorized representative have adequate authority under applicable State, local, or Indian tribal law and regulations, and the Applicant’s by-laws or internal rules to:

1. Execute and file the application for Federal assistance on behalf of the Applicant;
2. Execute and file the required certifications, assurances, and agreements on behalf of the Applicant binding the Applicant; and
3. Execute grant agreements and cooperative agreements with FTA on behalf of the Applicant.

B. Standard Assurances

The Applicant assures that it will comply with all applicable Federal statutes and regulations in carrying out any project supported by an FTA grant or cooperative agreement. The Applicant agrees that it is under a continuing obligation to comply with the terms and conditions of the grant agreement or cooperative agreement with FTA issued for its project. The Applicant recognizes that Federal laws and regulations may be modified from time to time and those modifications may affect project implementation. The Applicant understands that Presidential executive orders and Federal directives, including Federal policies and program guidance may be issued concerning matters affecting the Applicant or its project. The Applicant agrees that the most recent Federal laws, regulations, and directives will apply to the project, unless FTA issues a written determination otherwise.

C. Intergovernmental Review Assurance

Except if the Applicant is an Indian tribal government seeking assistance authorized by 49 U.S.C. 5311(c)(1), the Applicant assures that each application for Federal assistance it submits to FTA has been submitted or will be submitted for intergovernmental review to the appropriate State and local agencies as determined by the State. Specifically, the Applicant assures that it has fulfilled or will fulfill the obligations imposed on FTA by U.S. Department of Transportation (U.S. DOT) regulations, “Intergovernmental Review of Department of Transportation Programs and Activities,” 49 CFR part 17. This assurance does not apply to Applicants for Federal assistance under FTA’s Tribal Transit Program, 49 U.S.C. 5311(c)(1).

D. Nondiscrimination Assurance

As required by 49 U.S.C. 5332 (which prohibits discrimination on the basis of race, color, creed, national origin, sex, or age, and prohibits discrimination in employment or business opportunity), by Title VI of the Civil Rights Act of 1964, as amended, 42 U.S.C. 2000d, and by U.S. DOT regulations, “Nondiscrimination in Federally-Assisted Programs of the Department of Transportation-Effectuation of Title VI of the Civil Rights Act,” 49 CFR part 21 at 21.7, the Applicant assures that it will comply with all requirements imposed by or issued pursuant to 49 U.S.C. 5332, 42 U.S.C. 2000d, and 49 CFR part 21, so that no person in the United States, on the basis of race, color, national origin, creed, sex, or age will be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination in any program or activity (particularly in the level and quality of transportation services and transportation-related benefits) for which the Applicant receives Federal assistance awarded by the U.S. DOT or FTA.

Specifically, during the period in which Federal assistance is extended to the project, or project property is used for a purpose for which the Federal assistance is extended or for another purpose involving the provision of benefits, or as long as the Applicant retains ownership or possession of the project property,
whichever is longer, the Applicant assures that:

(1) Each project will be conducted, property acquisitions will be undertaken, and project facilities will be operated in accordance with all applicable requirements of 49 U.S.C. 5332, 42 U.S.C. 2000d, and 49 CFR part 21, and understands that this assurance extends to its entire facility and to facilities operated in connection with the project.

(2) It will promptly take the necessary actions to effectuate this assurance, including notifying the public that complaints of discrimination in the provision of transportation-related services or benefits may be filed with U.S. DOT or FTA. Upon request by U.S. DOT or FTA, the Applicant assures that it will submit the required information pertaining to its compliance with these provisions.

(3) It will include in each subagreement, property transfer agreement, third party contract, third party subcontract, or participation agreement adequate provisions to extend the requirements imposed by or issued pursuant to 49 U.S.C. 5332, 42 U.S.C. 2000d and 49 CFR part 21 to other parties involved therein including any subrecipient, transferee, third party contractor, third party subcontractor at any level, successor in interest, or any other participant in the project.

(4) Should it transfer real property, structures, or improvements financed with Federal assistance provided by FTA to another party, any deeds and instruments recording the transfer of that property shall contain a covenant running with the land assuring nondiscrimination for the period during which the property is used for a purpose for which the Federal assistance is extended or for another purpose involving the provision of similar services or benefits.

(5) The United States has a right to seek judicial enforcement with regard to any matter arising under Title VI of the Civil Rights Act, U.S. DOT implementing regulations, and this assurance.

(6) It will make any changes in its Title VI implementing procedures as U.S. DOT or FTA may request to achieve compliance with the requirements imposed by or issued pursuant to 49 U.S.C. 5332, 42 U.S.C. 2000d, and 49 CFR part 21.

E. Assurance of Nondiscrimination on the Basis of Disability

As required by U.S. DOT regulations, “Nondiscrimination on the Basis of Handicap in Programs and Activities Receiving or Benefiting from Federal Financial Assistance,” at 49 CFR 27.9, the Applicant assures that, as a condition to the approval or extension of any Federal assistance awarded by FTA to construct any facility, obtain any rolling stock or other equipment, undertake studies, conduct research, or to participate in or obtain any benefit from any program administered by FTA, no otherwise qualified person with a disability shall be, solely by reason of that disability, excluded from participation in, denied the benefits of, or otherwise subjected to discrimination in any program or activity receiving or benefiting from Federal assistance administered by the FTA or any entity within U.S. DOT. The Applicant assures that project implementation and operations so assisted will comply with all applicable requirements of U.S. DOT regulations implementing the Rehabilitation Act of 1973, as amended, 29 U.S.C. 794 et seq., and the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. 12101 et seq., and implementing U.S. DOT regulations at 49 CFR parts 27, 37, and 38, and any other applicable Federal laws that may be enacted or Federal regulations that may be promulgated.

F. U.S. Office of Management and Budget (OMB) Assurances

Consistent with OMB assurances set forth in 42 U.S.C. 6101 through 6107, which prohibits discrimination on the basis of disability:

(1) Has the legal authority to apply for Federal assistance and the institutional, managerial, and financial capability (including funds sufficient to pay the non-Federal share of project cost) to assure proper planning, management, and completion of the project described in its application;

(2) Will make the Comptroller General of the United States, and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives;

(3) Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest or personal gain;

(4) Will initiate and complete the work within the applicable project time periods following receipt of FTA approval; and

(5) Will comply with all applicable Federal statutes relating to nondiscrimination including, but not limited to:

(b) Title IX of the Education Amendments of 1972, as amended, 20 U.S.C. 1681 through 1683, and 1685 through 1687, and U.S. DOT regulations, “Nondiscrimination on the Basis of Sex in Education Programs or Activities Receiving Federal Financial Assistance,” 49 CFR part 25, which prohibit discrimination on the basis of sex;

(c) Section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 794, which prohibits discrimination on the basis of disability;

State and local law to comply with the requirements of the Uniform Relocation Act, 42 U.S.C. 4601 et seq., and U.S. DOT regulations, “Uniform Relocation Assistance and Real Property Acquisition for Federal and Federally Assisted Programs.” 49 CFR part 24, and will comply with that Act or those implementing regulations, including but not limited to the following:

(a) The Applicant will adequately inform each affected person of the benefits, policies, and procedures provided for in 49 CFR part 24;
(b) The Applicant will provide fair and reasonable relocation payments and assistance as required by 42 U.S.C. 4622, 4623, and 4624; 49 CFR part 24; and any applicable FTA procedures, to or for families, individuals, partnerships, corporations, or associations displaced as a result of any project financed with FTA assistance;

(g) The Applicant will pay or reimburse property owners for their necessary expenses as specified in 42 U.S.C. 4653 and 4654, with the understanding that FTA will provide Federal financial assistance for the Applicant’s eligible costs of providing payments for those expenses, as required by 42 U.S.C. 4631;
(h) The Applicant will execute such amendments to third-party contracts and subagreements financed with FTA assistance and execute, furnish, and be bound by such additional documents as FTA may determine necessary to effectuate or implement the assurances provided herein; and

(i) The Applicant agrees to make these assurances part of or incorporate them by reference into any third party contract or subagreement, or any amendments thereto, relating to any project financed by FTA involving relocation or land acquisition and provide in any affected document that these relocation and land acquisition provisions shall supersede any conflicting provisions;

The State is thus requested to select Category “(17).”

A. As required by 49 U.S.C. 5310(d), which makes the requirements of 49 U.S.C. 5307 applicable to the Elderly Individuals and Individuals with Disabilities Formula Grant Program to the extent that the Federal Transit Administrator or his or her designee determines appropriate, and 49 U.S.C. 5307(d)(1), the State or State organization serving as the Applicant (State) and that administers, on behalf of the State, the Elderly Individuals and Individuals with Disabilities Program authorized by 49 U.S.C. 5310, and, if applicable, the Elderly Individuals and Individuals with Disabilities Pilot Program authorized by subsection 3012(b) of SAFETEA–LU, 49 U.S.C. 5310 note, certifies and assures on behalf of itself and its subrecipients as follows:

C. The private nonprofit subrecipient’s application for 49 U.S.C. 5310 assistance contains information from which the State concludes that the transit service provided or offered to be provided by existing public or private transit operators is unavailable, insufficient, or inappropriate to meet the special needs of the elderly and persons with disabilities.

18. Nonurbanized Area Formula Program for States

The provisions of 49 U.S.C. 5311 establishing the Nonurbanized Area Formula Program for States do not impose, as a pre-condition of award, any explicit certification or assurance requirements established specifically for that program. Only a State or a State organization acting as the Recipient on behalf of a State (State) may be a direct recipient of this Nonurbanized Area Formula Program assistance. Separate certifications and assurances have been established in Category 22 for an Indian tribe that is an Applicant for Tribal Transit Program assistance authorized by 49 U.S.C. 5311(c)(1).

Before FTA may award Nonurbanized Area Formula Program assistance to a State, the U.S. Secretary of Transportation or his or her designee is required to make the preaward determinations required by 49 U.S.C. 5311. Because certain information is needed before FTA can make those determinations, each State is requested to provide the following certifications and assurances on behalf of itself and its subrecipients. Unless FTA determines otherwise in writing, the State itself is ultimately responsible for compliance with its certifications and assurances even though a subrecipient, lessee, third party contractor, or other participant may participate in that project. Consequently, in providing certifications and assurances that involve the compliance of its prospective subrecipients, the State is strongly encouraged to take the appropriate measures, including but not limited to obtaining sufficient documentation from each subrecipient, to assure the validity of all certifications.
and assurances the State has made to FTA. A State that fails to provide these certifications and assurances on behalf of itself and its subrecipients may be determined ineligible for a grant of Federal assistance under 49 U.S.C. 5311 if FTA lacks sufficient information from which to make those determinations required by Federal laws and regulations governing the Nonurbanized Area Formula Program authorized by 49 U.S.C. 5311. The State is thus requested to select Category “(18)”.

The State or State organization serving as the Applicant and that administers, on behalf of the State (State) the Nonurbanized Area Formula Program for States authorized by 49 U.S.C. 5311, assures on behalf of itself and its subrecipients as follows:

A. The State has or will have the necessary legal, financial, and managerial capability to apply for, receive, and disburse Federal assistance authorized for 49 U.S.C. 5311; and to carry out each project, including the safety and security aspects of that project;

B. The State has or will have satisfactory continuing control over the use of project equipment and facilities;

C. The State assures that the project equipment and facilities will be adequately maintained;

D. In compliance with 49 U.S.C. 5311(b)(2)[C](ii), the State’s program has provided for a fair distribution of Federal assistance authorized for 49 U.S.C. 5311 within the State, including Indian reservations within the State; and

E. In compliance with 49 U.S.C. 5311(b)(2)[C](iii), the State’s program provides or will provide the maximum feasible coordination of public transportation service to receive assistance under 49 U.S.C. 5311 with transportation service assisted by other Federal sources;

F. The projects in the State’s Nonurbanized Area Formula Program are included in the Statewide Transportation Improvement Program and, to the extent applicable, the projects are included in a metropolitan Transportation Improvement Program;

G. The State has or will have available and will provide the amount of funds required by 49 U.S.C. 5311(g) for the local share, and that those funds will be provided from approved non-Federal sources except as permitted by Federal law; and

H. In compliance with 49 U.S.C. 5311(f), the State will expend not less than fifteen (15) percent of its Federal assistance authorized under 49 U.S.C. 5311 for support of intercity bus transportation within the State, unless the chief executive officer of the State, or his or her designee, after consultation with affected intercity bus service providers, certifies to the Federal Transit Administrator, apart from these certifications and assurances herein, that the intercity bus service needs of the State are being adequately met.

19. Job Access and Reverse Commute Formula Grant Program

Each Applicant for Job Access and Reverse Commute (JARC) Formula Grant Program assistance authorized under 49 U.S.C. 5316 is required to provide the following certifications on behalf of itself and any subrecipient that may be implementing its project. Unless FTA determines otherwise in writing, the Applicant itself is ultimately responsible for compliance with its certifications and assurances even though a subrecipient, lessee, third party contractor, or other participant may participate in that project.

Consequently, in providing certifications and assurances that involve the compliance of its prospective subrecipients, the Applicant is strongly encouraged to take the appropriate measures, including but not limited to obtaining sufficient documentation from each subrecipient, to assure the validity of all certifications and assurances the Applicant has made to FTA. FTA may not award Federal assistance for the JARC Formula Grant Program until the Applicant provides these certifications by selecting Category “(19)”.

B. In compliance with 49 U.S.C. 5316(d), the Applicant certifies that (1) with respect to financial assistance authorized under 49 U.S.C. 5316(c)[1][A], it will conduct in...
cooperation with the appropriate MPO an areawide solicitation for applications, and make awards on a competitive basis and (2) with respect to financial assistance authorized under 49 U.S.C. 5316(c)(1)(B) or 49 U.S.C. 5316(c)(1)(C), it will conduct a statewide solicitation for applications, and make awards on a competitive basis; C. In compliance with 49 U.S.C. 5316(d)(2), the Applicant certifies that any allocations to subrecipients of financial assistance authorized under 49 U.S.C. 5316 will be distributed on a fair and equitable basis; D. In compliance with 49 U.S.C. 5316(g)(2), the Applicant certifies that, before it transfers funds to a project funded under 49 U.S.C. 5336, that project has been or will have been coordinated with private nonprofit providers of services; E. In compliance with 49 U.S.C. 5316(g)(3), The Applicant certifies that: (1) The projects it has selected or will select for assistance under that program were derived from a locally developed, coordinated public transit-human services transportation plan; and (2) the plan was developed through a process that included representatives of public, private, and nonprofit transportation and human services providers and participation by the public; and F. In compliance with 49 U.S.C. 5316(c)(3), before the Applicant uses funding apportioned under 49 U.S.C. 5316(c)(1)(B) or (C) for projects serving an area other than that specified in 49 U.S.C. 5316(2)(B) or (C), the Applicant certifies that the chief executive officer of the State, or his or her designee will have certified to the Federal Transit Administrator, apart from these certifications herein, that all of the objectives of 49 U.S.C. 5316 are being met in the area from which such funding would be derived.

20. New Freedom Program

Each Applicant for New Freedom Program assistance authorized under 49 U.S.C. 5317 must provide the following certifications on behalf of itself and any subrecipient that may be implementing its project. Unless FTA determines otherwise in writing, the Applicant itself is ultimately responsible for compliance with its certifications and assurances even though a subrecipient, lessee, third party contractor, or other participant may participate in that project. Consequently, in providing certifications and assurances that involve the compliance of its subrecipients, the Applicant is strongly encouraged to take the appropriate measures, including but not limited to obtaining sufficient documentation from each subrecipient, to assure the validity of all certifications and assurances the Applicant has made to FTA. 24. Deposits of Federal Financial Assistance to State Infrastructure Banks

The State organization that administers the State Infrastructure Bank (SIB) Program on behalf of a State (State) and that is also an Applicant for Federal assistance authorized under 49 U.S.C. chapter 53 that it intends to deposit in its SIB is requested to provide the following assurances on behalf of itself, its SIB, and each subrecipient. Unless FTA determines otherwise in writing, the State itself is ultimately responsible for compliance with its certifications and assurances even though the SIB and a subrecipient may participate in that project. Consequently, in providing certifications and assurances that involve the compliance of its SIB and prospective subrecipients, the State is strongly encouraged to take the appropriate measures, including but not limited to obtaining sufficient documentation from the SIB and each subrecipient, to assure the validity of all certifications and assurances the State has made to FTA. FTA may not award Federal assistance for the SIB Program to the State until the State provides these assurances by selecting Category “24.”

The State organization, serving as the Applicant (State) for Federal assistance for its State Infrastructure Bank (SIB) Program authorized by section 1602 of SAFETEA-LU, now codified at 23 U.S.C. 610, or by section 1511 of TEA-21, 23 U.S.C. 181 note, or by section 350 of the National Highway System Designation Act of 1995, as amended, 23 U.S.C. 181 note, agrees and assures the agreement of its SIB and the agreement of each recipient of Federal assistance derived from the SIB within the State (subrecipient) that each public transportation project financed with
Federal assistance derived from SIB will be administered in accordance with:

B. The provisions of the FHWA, FRA, and FTA or the FHWA and FTA cooperative agreement with the State to establish the State’s SIB Program; and

C. The provisions of the FTA grant agreement with the State that provides Federal assistance for the SIB, except that any provision of the Federal Transit Administration Master Agreement incorporated by reference into that grant agreement will not apply if it conflicts with any provision of section 1602 of SAFETEA–LU, now codified at 23 U.S.C. 610, or section 1511 of TEA–21, 23 U.S.C. 181 note, or section 350 of the National Highway System Designation Act of 1995, as amended, 23 U.S.C. 181 note, or Federal guidance pertaining to the SIB Program, the provisions of the cooperative agreement establishing the SIB Program within the State, or the provisions of the FTA grant agreement.

D. The requirements applicable to projects of 49 U.S.C. 5307 and 5309, as required by 49 U.S.C. 5323(o); and

E. The provisions of any applicable Federal guidance that may be issued as it may be amended from time-to-time, unless FTA has provided written approval of an alternative procedure or course of action.

Federal Transit Administration

National Technical Assistance Center for Parks and Public Lands

AGENCY: Federal Transit Administration (FTA), Department of Transportation (DOT).

ACTION: Notice: Request for Proposals.

SUMMARY: This solicitation is for proposals from organizations to implement a National Technical Assistance Center for Alternative Transportation in Public Lands. The Center is to assist the Federal Transit Administration (FTA) in the coordinated provision of technical assistance under the Paul S. Sarbanes Transit in Parks program. The Center is to develop, administer, distribute, and oversee multiple technical assistance products to support land management agencies, States, and local and tribal governments in alternative transportation projects serving federally managed parks and public lands.

Organizations that submit proposals should have technical assistance expertise and experience in transportation planning, coordination and operations on parks and public lands. FTA will award a cooperative agreement (one base year plus two option years) for an estimated amount of $4,500,000. The funding is authorized under section 3021(d)(1) of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA–LU) and subsequently appropriated. For the first year of the project, $1,500,000 will be made available. Funding for subsequent years will be based on available annual appropriations as well as annual performance reviews.

Use of Funds: The organization selected shall (1) provide on-demand and proactive technical assistance in alternative transportation project-level scoping, planning, and operations; (2) provide training and workshops; (3) perform outreach, communications, and coordination of services to support land management agencies in planning processes; (4) maintain a central repository of resources and disseminate resources; (5) support the project evaluation process; (6) convene and collaborate with an interagency peer review group; and (7) perform project administration and management.

DATES: Proposals must be submitted electronically by December 30, 2008.

ADDRESSES: Proposals shall be submitted electronically to http://www.grants.gov. Grants.Gov allows organizations to find and apply for funding opportunities electronically from all Federal grant-making agencies. Grants.Gov is the single access point for over 1,000 grant programs offered by the 26 Federal grant-making agencies.

FOR FURTHER INFORMATION CONTACT: Scott Faulk, Office of Program Management, Federal Transit Administration, 202–366–1660; FAX 202–366–7951; e-mail: Scott.Faulk@dot.gov.

SUPPLEMENTARY INFORMATION: Section 3021 of SAFETEA–LU established a new program called the Paul S. Sarbanes Transit in Parks program (49 U.S.C. 5320). The purpose of this program is to enhance the protection of national parks and Federal lands, and increase the enjoyment of those visiting them. The program funds capital and planning expenses for alternative transportation systems such as buses and trams in federally-managed parks and public lands. The Paul S. Sarbanes Transit in Parks legislation further allows the FTA to spend program funds to carry out planning, research, and technical assistance activities. FTA oversees the funds allocated to technical assistance to support program participants in planning, implementing, and evaluating alternative transportation projects on parks and public lands. SAFETEA–LU authorizes $97 million in funding for the program for Fiscal Years (FY) 2006 through 2009. Of this funding, no more than 10 percent of the amount made available for any given FY under section 49 U.S.C. 5338(b)(2)(J) may be used to carry out planning, research, and technical assistance activities.

I. Funding Opportunity Description

FTA is soliciting proposals for a cooperative agreement to develop and implement a program of technical assistance and training for Federal land management agencies that shall include on-demand and proactive technical assistance in project-level scoping and planning, a resource clearinghouse, training and workshops, publication of best practices, and preparation of technical manuals and other reference materials. The Paul S. Sarbanes Transit in Parks program would be well-served through a coordinated and efficient use of its limited resources. A National Technical Assistance Center for alternative transportation on parks and public lands is intended to meet technical assistance needs among land management agencies and other eligible awardees and to achieve program and process consistencies, realize significant cost and time savings, and build cooperative relationships in support of the Paul S. Sarbanes Transit in Parks program. Such technical assistance will allow Federal lands to serve the public more effectively through enhanced conservation of natural and cultural resources and by providing high quality experiences for visitors on public lands.

The main goal of a National Technical Assistance Center for Alternative Transportation on Parks and Public Lands is to assist FTA in the timely, coordinated provision of technical assistance, case management, and program support elements of SAFETEA–LU, section 3021. To accomplish this goal the Center is to develop, administer, disseminate, and oversee multiple technical assistance products and services to support land management agencies and State, local, and tribal governments in alternative transportation projects serving federally managed parks and public lands. FTA will award a cooperative agreement (one base year with two option years) of $4.5 million from funding authorized in SAFETEA–LU and subsequently appropriated. The tasks of the Center include: (1) Project administration and management; (2) organization of and coordination with a peer review group; (3) technical assistance; (4) training and workshops; (5) development of outreach, communication and coordination in support of alternative transportation planning; and (6) knowledge management and information dissemination. A desirable organization will have demonstrated expertise in issues of transportation planning and operations on parks and public lands. Ideally, an organization will have experience in providing technical assistance to Federal land management agencies on issues related to water and land-based transportation, particularly in relation to the protection of natural and cultural resources.

Background

Congestion in and around parks and public lands causes traffic delays and noise and air pollution that substantially detract from the visitor’s experience and the protection of natural resources. In August 2001, the Department of Transportation (DOT) and the Department of the Interior (DOI) published a comprehensive study of alternative transportation needs in national parks and related Federal lands. The study identified significant alternative transportation needs at sites
