Federal Aviation Administration

Public Notice for Waiver of Aeronautical Land-Use Assurance; Kenosha Regional Airport, Kenosha, WI

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of intent of waiver with respect to land.

SUMMARY: The Federal Aviation Administration (FAA) is considering a proposal to authorize the release of 1.38 acres of the airport property at the Kenosha Regional Airport, Kenosha, WI. The Wisconsin Department of Transportation (WisDOT) is seeking airport property to improve the intersection of Interstate 94 and State

Trunk Highway 158. The WisDOT issued an environmental Finding of No Significant Impact on September 11, 1996.

The acreage being released is not needed for aeronautical use as currently identified on the Airport Layout Plan. The acreage comprising this parcel 24 and 24A were originally acquired under Grant Nos. AIP-01-1984 and AIP-02-1985. The City of Kenosha (Wisconsin), as airport owner, has concluded that the subject airport land is not needed for expansion of airport facilities. There are no impacts to the airport by allowing the airport to dispose of the property. The airport will receive the appraised fair market value of \$89,700 for the land. Approval does not constitute a commitment by the FAA to financially assist in the disposal of the subject airport property nor a determination of eligibility for grant-in-aid funding from the FAA. The disposition of proceeds from the disposal of the airport property will be in accordance with FAA's Policy and Procedures Concerning the Use of Airport Revenue, published in the **Federal Register** on February 16, 1999.

In accordance with section 47107(h) of title 49, United States Code, this notice is required to be published in the **Federal Register** 30 days before modifying the land-use assurance that requires the property to be used for an aeronautical purpose.

DATES: Comments must be received on or before December 5, 2008.
