

prepared a draft Environmental Assessment (DEA) for the project. In this DEA, staff analyzes the potential environmental effects of the Proposed Action and concludes that the proposal, with recommended mitigation measures, would not constitute a major federal action significantly affecting the quality of the human environment. The project is located on the Genesee River in Monroe County, New York.

A copy of the DEA is available for review at the Commission in the Public Reference Room, or it may be viewed on the Commission's Web site at <http://www.ferc.gov> using the e-Library link. Enter the docket number (P-2582) in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or call toll-free at 1-866-208-3676 or (202) 502-8659 (for TTY).

Any comments should be filed within 30 days from the issuance date of this notice, and should be addressed to the Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Please reference the Station 2 Project No. 2582, on all comments. For further information on this notice, please contact John K. Novak at (202) 502-6076.

Comments may be filed electronically via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site at <http://www.ferc.gov> under the e-Filing link. The Commission strongly encourages electronic filing.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket Nos. AC09-7-000]

Black Marlin Pipeline Company; Notice of Filing

October 30, 2008.

Take notice that on October 24, 2008, Black Marlin Pipeline Company submitted a request for waiver of the FERC Form No. 2-A CPA Certification Statement under Section 260.2 of the Commission's regulations.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the

Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: December 1, 2008.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OAR-2008-0264; FRL-8739-3]

Agency Information Collection Activities; Proposed Collection; Comment Request; Recordkeeping and Periodic Reporting of the Production, Import, Recycling, Destruction, Transshipment, and Feedstock Use of Ozone-Depleting Substances (Renewal); EPA ICR No. 1432.29, OMB Control No. 2060-0170

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), this document announces that an Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and

approval. This is a request to renew an existing approved collection. The ICR, which is abstracted below, describes the nature of the information collection and its estimated burden and cost.

DATES: Additional comments may be submitted on or before December 8, 2008.

ADDRESSES: Submit your comments, referencing Docket ID No. EPA-HQ-OAR-2008-0264, to (1) EPA online using <http://www.regulations.gov> (our preferred method), by e-mail to a-and-r-Docket@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Air and Radiation Docket, EPA-HQ-OAR-2008-0264, 1200 Pennsylvania Ave., NW., Washington, DC 20460, and (2) OMB by mail to: Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street, NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT:

Kirsten Cappel, Stratospheric Protection Division, Office of Atmospheric Programs (6205J), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (202) 343-9556; fax number: (202) 343-2338; e-mail address: cappel.kirsten@epa.gov. You may also visit the Ozone Depletion Web site of EPA's Stratospheric Protection Division at <http://www.epa.gov/ozone/strathome.html>.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On May 29, 2008 (73 FR 30917) EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received only one comment during the comment period, which is addressed in the ICR. Any additional comments on this ICR should be submitted to EPA and OMB within 30 days of this notice.

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-OAR-2008-0264, which is available for online viewing at <http://www.regulations.gov>, or in person viewing at the Air and Radiation Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is 202-566-1744, and the telephone number for Air and Radiation Docket is 202-566-1742.

Use EPA's electronic docket and comment system at <http://www.regulations.gov>, to submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the docket that are available electronically. Once in the system, select "docket search," then key in the docket ID number identified above. Please note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at <http://www.regulations.gov> as EPA receives them and without change, unless the comment contains copyrighted material, confidential business information (CBI), or other information whose public disclosure is restricted by statute. For further information about the electronic docket, go to <http://www.regulations.gov>.

Title: Recordkeeping and Periodic Reporting of the Production, Import, Recycling, Destruction, Transshipment, and Feedstock Use of Ozone-Depleting Substances (Renewal).

ICR Numbers: EPA ICR No. 1432.29, OMB Control No. 2060-0170.

ICR Status: This ICR is currently scheduled to expire on December 31, 2008. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, and are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: EPA is seeking to renew this ICR, which authorizes the recordkeeping and reporting requirements established in the regulations stated in 40 CFR part 82, subpart A and as required by the United States' commitments under the international treaty *The Montreal Protocol on Substances that Deplete the Ozone Layer* (Protocol). This information collection allows EPA to monitor the United States' compliance with the Protocol and Title VI of the Clean Air Act Amendments of 1990 (CAA).

Under its Protocol commitments, the United States is obligated to cease production and import of Class I

controlled substances excluding chlorofluorocarbons (CFCs) that are subject to essential use exemptions, methyl bromide that is subject to critical use exemptions or exemptions for quarantine and preshipment uses or emergency uses, previously used material, and material that will be transformed, destroyed, or exported to developing countries. The Protocol also establishes limits and reduction schedules leading to the eventual phaseout of Class II controlled substances with similar exemptions beyond the phaseout. In addition to the Montreal Protocol, the CAA has its own limits on production and consumption of controlled substances that EPA must adhere to and enforce.

Under 40 CFR 82.13, producers, importers, exporters, distributors, and other entities must meet quarterly, annual, and/or transactional requirements for Class I ozone-depleting substances (ODS). This information collection is conducted to meet U.S. obligations under the Montreal Protocol. The information collection request is required to obtain a benefit under Title VI of the CAA, added by section 764 of the 1999 Omnibus Consolidated and Emergency Supplemental Appropriations Act (Pub. L. No. 105-277; October 21, 1998).

The requirements for Class I ODS will enable EPA to: (1) Ensure compliance with the restrictions on production, import, and export of Class I controlled substances; (2) allow exempted production and import for certain uses and the consequent tracking of that production and import; (3) address industry and Federal concerns regarding the illegal import of mislabeled used controlled substances; (4) satisfy the United States' obligations to report data under Article 7 of the Protocol; (5) fulfill statutory obligations under Section 603(b) of the CAA for reporting and monitoring; and (6) provide information to report to the U.S. Congress on the production, use, and consumption of Class I controlled substances as statutorily required in section 603(d) of Title VI of the CAA.

The reported data will enable EPA to: (1) Maintain compliance with the Protocol requirements for annual data submission on the production of ODS; and (2) analyze technical use data to ensure that exemptions are used in accordance with requirements included in the annual authorization rulemakings.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 2 hours per response. Burden means the total time,

effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Chemical Producers, Importers, and Exporters (CFCs); Research and Development (Laboratories); and MeBr Producers, Importers, Exporters, Distributors, and Applicators.

Estimated Number of Respondents: 1,157.

Frequency of Response: Quarterly, annually, and occasionally.

Estimated Total Annual Hour Burden: 2,810 hours.

Estimated Total Annual Cost: \$269,242, including \$5,580 in O&M costs and no capital costs.

Changes in the Estimates: There is a decrease of 5,560 hours in the total estimated respondent burden currently identified in the OMB Inventory of Approved ICR Burdens. This large decrease is primarily due to a decrease in the overall burden for compliance, specifically the hours needed to certify laboratory and QPS uses of ozone depleting substances. The prior estimate for self-certification was much higher than the Agency's experience has shown it to be. The burden and cost estimates for the Agency increased largely due to increases in the average hourly wage rate caused by normal inflation. As implementation of electronic reporting via the Agency's central data exchange (CDX) expands to additional segments of the regulated community, EPA expects burden and costs to further decline. EPA anticipated that when the CDX system becomes fully utilized, all required data will be submitted and tracked electronically, thus reducing and/or eliminating reporting by paper.

Dated: October 30, 2008.

Deborah Williams,

Acting Director, Collection Strategies Division.
