### Federal Railroad Administration

#### Notice of Application for Approval of Discontinuance or Modification of a Railroad Signal System or Relief From the Requirements of Title 49 Code of Federal Regulations Part 236

Pursuant to Title 49 Code of Federal Regulations (CFR) Part 235 and 49 U.S.C. 20502(a), the following railroad has petitioned the Federal Railroad Administration (FRA) seeking approval for the discontinuance or modification of the signal system or relief from the requirements of 49 CFR part 236, as detailed below.

#### Docket Number FRA-2008-0010

Applicant: Northwestern Pacific Railroad Company, Mr. John H. Williams, President, 385 Sherman Avenue, Suite 1, Palo Alto, California 94306-1840.

The Northwestern Pacific Railroad Company (NWP) seeks informal reconsideration of FRA's decision for denial of the proposed discontinuance and removal of the interlocking signal systems on three drawbridges that are located between a point near Lombard, California, at Milepost (MP) 63.4 and a point near Petaluma, California, at MP 38.5 on the NWP's Russian River Division at the following three locations: Brazos Drawbridge, MP 64.7; Black Point Drawbridge, MP 28.7; and Haystack Landing Drawbridge, MP 37.2.

The reasons given for the reconsideration are: the addition of concurrence of the Sonoma-Marina Area Rail Transit District (SMART), clarification that SMART does not have plans to operate passenger trains over either the Brazos Drawbridge or the Black Point Drawbridge, and the fact that SMART has plans to replace the Haystack Landing Bridge as part of the passenger rail project with a modern lift bridge with interlocking signal protection before any passenger trains operate over it.

Any interested party desiring to protest the granting of an application shall set forth specifically the grounds upon which the protest is made, and include a concise statement of the interest of the party in the proceeding. Additionally, one copy of the protest

shall be furnished to the applicant at the address listed above.

FRA expects to be able to determine these matters without an oral hearing. However, if a specific request for an oral hearing is accompanied by a showing that the party is unable to adequately present his or her position by written statements, an application may be set for public hearing.

All communications concerning this proceeding should be identified by Docket Number FRA-2008-0010 and may be submitted by one of the following methods:

**SUPPLEMENTARY INFORMATION:** The OCC is proposing to extend OMB approval of

the following information collection: Customer Complaint Form.

*OMB Control No.:* 1557-0232.

*Description:* The customer complaint form was developed as a courtesy for those that contact the Office of the Comptroller of the Currency's Customer Assistance Group and wish to file a formal, written complaint. The form allows consumers to focus their issues and provide a complete picture of their concerns, but is entirely voluntary. It is designed to prevent having to go back to a consumer for additional information, which delays the process. Completion of the form allows the Customer Assistance Group to process the complaint more efficiently.

The Customer Assistance Group will use the information to create a record of the consumer's contact, including capturing information that can be used to resolve the consumer's issues and provide a database of information that is incorporated into the OCC's supervisory process.

*Type of Review:* Regular.

*Affected Public:* Businesses or other for-profit.

*Number of Respondents:* 14,000.

*Total Annual Responses:* 14,000.

*Frequency of Response:* On occasion.

*Total Annual Burden Hours:* 924.

An agency may not conduct or sponsor, and a respondent is not required to respond to, an information collection unless the information collection displays a currently valid OMB control number.

On September 4, 2008, the OCC published a notice in the **Federal Register** soliciting comment for 60 days on this information collection (73 FR 51701). No comments were received. Comments continue to be invited on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility;

(b) The accuracy of the agency's estimate of the burden of the collection of information;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or startup costs and costs of operation, maintenance, and purchase of services to provide information.

Dated: November 4, 2008.
