Burden Hours: 14,756.

Abstract: The Gun-Free Schools Act (GFSA) requires States to provide annual reports to the Secretary of Education concerning implementation of the GFSA's requirements based on information collected from local educational agencies (LEAs) in their applications requesting assistance. The GFSA requires each State receiving ESEA funds to have in effect a State law requiring LEAs to expel from school for a period of not less than one year a student found to have brought a firearm to school or to have possessed a firearm at school. The GFSA also requires LEAs that receive ESEA funds to adopt a policy requiring referral to the criminal justice or juvenile delinquency system of any student who brings a firearm to school or possesses a firearm at school.

DEPARTMENT OF EDUCATION

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The IC Clearance Official, Regulatory Information Management Services, Office of Management, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before January 12, 2009.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including

through the use of information technology.

Title: Transition to Teaching Evaluation.

Frequency: Other: At the end of the third year and end of final year of the TTT grant.

Affected Public: Not-for-profit institutions; State, Local, or Tribal Gov't, SEAs or LEAs.

Reporting and Recordkeeping Hour Burden:

Responses: 135.

Burden Hours: 45.

Abstract: This is a request for approval to collect information from Transition to Teaching (TTT) grantees that will be used to describe the extent to which local education agencies that received TTT grant funds have met the goals relating to teacher recruitment and retention described in their application. TTT grantees are funded for a period of five years. Currently, grantees are required by statute to submit an interim project evaluation to ED at the end of the third project year and a final project evaluation at the project's end. In turn, the TTT program is required to prepare and submit to the Secretary and to Congress interim and final program evaluations containing the results of these grantee project evaluation reports. An analysis of these reports has provided some data on grantee activities, but the poor quality of some reports and missing or incomplete data in others have made it difficult to aggregate data across grantees in order to accurately describe to Congress the extent of program implementation. This proposed data collection would allow ED to gather data on a common set of indicators across grantees to describe program implementation, and to investigate the conditions under which projects have been successful at recruiting, preparing and retaining highly qualified teachers in high-need schools in high-need LEAs.
