

have had an inadequate response to or cannot be treated with surgery and/or radiotherapy. Subsequent to this approval, the Patent and Trademark Office received a patent term restoration application for SOMATULINE DEPOT (U.S. Patent No. 5,595,760) from Society De Conseils De Recherches Et D'Applications Scientifiques, and the Patent and Trademark Office requested FDA's assistance in determining this patent's eligibility for patent term restoration. In a letter dated April 22, 2008, FDA advised the Patent and Trademark Office that this human drug product had undergone a regulatory review period and that the approval of SOMATULINE DEPOT represented the first permitted commercial marketing or use of the product. Shortly thereafter, the Patent and Trademark Office requested that FDA determine the product's regulatory review period.

FDA has determined that the applicable regulatory review period for SOMATULINE DEPOT is 3,629 days. Of this time, 3,324 days occurred during the testing phase of the regulatory review period, while 305 days occurred during the approval phase. These periods of time were derived from the following dates:

1. *The date an exemption under section 505(i) of the Federal Food, Drug, and Cosmetic Act (the act) (21 U.S.C. 355) became effective:* September 24, 1997. FDA has verified the applicant's claim that the date the investigational new drug application became effective was on September 24, 1997.

2. *The date the application was initially submitted with respect to the human drug product under section 505(b) of the act:* October 30, 2006. FDA has verified the applicant's claim that the new drug application (NDA) for SOMATULINE DEPOT (NDA 22-074) was initially submitted on October 30, 2006.

3. *The date the application was approved:* August 30, 2007. FDA has verified the applicant's claim that NDA 22-074 was approved on August 30, 2007.

This determination of the regulatory review period establishes the maximum potential length of a patent extension. However, the U.S. Patent and Trademark Office applies several statutory limitations in its calculations of the actual period for patent extension. In its application for patent extension, this applicant seeks 5 years of patent term extension.

Anyone with knowledge that any of the dates as published are incorrect may submit to the Division of Dockets Management (see **ADDRESSES**) written or electronic comments and ask for a

redetermination by January 16, 2009. Furthermore, any interested person may petition FDA for a determination regarding whether the applicant for extension acted with due diligence during the regulatory review period by May 18, 2009. To meet its burden, the petition must contain sufficient facts to merit an FDA investigation. (See H. Rept. 857, part 1, 98th Cong., 2d sess., pp. 41-42, 1984.) Petitions should be in the format specified in 21 CFR 10.30.

Comments and petitions should be submitted to the Division of Dockets Management. Three copies of any mailed information are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the heading of this document. Comments and petitions may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday.

Please note that on January 15, 2008, the FDA Division of Dockets Management Web site transitioned to the Federal Dockets Management System (FDMS). FDMS is a Government-wide, electronic docket management system. Electronic comments or submissions will be accepted by FDA only through FDMS at <http://www.regulations.gov>.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

RIN 1018–AU27

Policy on Wilderness Stewardship

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: We establish policy for implementing the National Wildlife Refuge System Administration Act of 1966, as amended, and the Wilderness Act of 1964 as Part 610 Chapters 1–5 of the Fish and Wildlife Service Manual. In the Wilderness Act, Congress called for the establishment of a National Wilderness Preservation System to secure an “enduring resource of wilderness” for the American public. This policy updates guidance on administrative and public activities on wilderness within the National Wildlife Refuge System (Refuge System).

ADDRESSES: You may download a copy of this policy at: <http://www.fws.gov/refuges/policyMakers/NWRpolicies.html> or request a copy from: National Wildlife Refuge System, U.S. Fish and Wildlife Service, *Attn:* Nancy Roeper, National Wilderness Coordinator, 4401 North Fairfax Drive, Room 657, Arlington, VA 22203; fax (703) 358–1929.

FOR FURTHER INFORMATION CONTACT:

Nancy Roeper, National Wilderness Coordinator, National Wildlife Refuge System, U.S. Fish and Wildlife Service, 4401 North Fairfax Drive, Room 657, Arlington, Virginia 22203 (*telephone:* 703–358–2389, *fax:* 703–358–1929).

SUPPLEMENTARY INFORMATION: We published a draft Wilderness Stewardship policy in the **Federal Register** on January 16, 2001 (66 FR 3708) and invited the public to provide comments on the draft policy by March 19, 2001. During this comment period, we received several requests to extend the comment period. In response to

these requests and in order to ensure that the public had an adequate opportunity to review and comment on the draft policy, we extended the comment period until April 19, 2001 (66 FR 15136). We reopened the comment period from May 15 to June 14, 2001 (66 FR 26879). On June 21, 2001, we again reopened the comment period until June 30, 2001 (66 FR 33268), and corrected the May 15, 2001, notice to reflect that comments received between April 19 and May 15, 2001, would be considered, and need not be resubmitted.

During the 8 years since publication, we made numerous revisions to the draft Wilderness Stewardship policy based on public comments and on internal reviews and discussions by Service managers and staff. We also developed Intergovernmental Personnel Agreements (IPAs) with representatives from five States to facilitate an effective means of involving the State fish and wildlife agencies in the development and implementation of Refuge System policies and guidance, including the Wilderness Stewardship policy. The National Wildlife Refuge System Administration Act of 1966, as amended in 1997 by the Improvement Act (16 U.S.C. 668dd–668ee, as amended) (Administration Act), requires that, in administering the Refuge System, the Fish and Wildlife Service ensure effective coordination, interaction, and cooperation with State fish and wildlife agencies. (State employees under these agreements are on assignment to the Service, serve as Service staff, and are subject to the provisions of law governing the ethical and other conduct of Federal employees.)

This policy is intended to improve the internal management of the Service, and it is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or equity by a party against the United States, its Departments, agencies, instrumentalities or entities, its officers or employees, or any other person.

Purpose of This Policy and Authorities

The purpose of this policy is to implement the Administration Act and the Wilderness Act of 1964, within the Refuge System. This policy replaces existing policy found in the Refuge Manual at 6 RM 8.

The Administration Act provides a mission and goals for the Refuge System. As specially designated areas encompassed within the Refuge System, wilderness directly contributes to the fulfillment of the mission and goals by, for example, protecting a diversity of fish, wildlife, plants, and their habitats and providing opportunities for
