[Docket No. CP09-19-000]

Port Barre Investments, LLC (d/b/a Bobcat Gas Storage); Notice of Amendment Application

November 14, 2008.

On November 5, 2008, Bobcat Gas Storage (Bobcat), pursuant to section 7(c) of the Natural Gas Act, as amended, and parts 157 and 284 of the Federal Energy Regulatory Commission's (Commission) regulations, filed to amend its certificate. The requested amendment would expand the Bobcat Gas Storage Project certificated in CP06-66-000 on April 19, 2007, as amended, to add working gas capacity totaling 24 billion cubic feet (Bcf) in three new salt dome storage caverns. The amendment would expand total storage project working gas capacity to 39.6 Bcf and add additional compression and pipeline interconnection facilities. Compression additions would increase maximum gas deliverability to 3.0 Bcf/d. Bobcat requests a finding that after the amendment the storage project's operation will not exercise market power with respect to the storage and hub services provided and that market-based rates may continue to be charged for these services.

Questions concerning this application should be directed to Paul Bieniawski, Bobcat Gas Storage, 11200 Westheimer, Suite 625, Houston, TX 77042, (713) 800-3535 or Lisa Tonery, Fulbright & Jaworski L.L.P., 666 Fifth Avenue, New York, NY 10103, (212) 318-3009.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record

for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>.
