The background paper and related information are available on the ODS Web site at <http://ods.od.nih.gov/strategicplan>.

Public comment can be sent directly to ODS or through the public Webinars ODS will hold on January 29, 2009, February 3, 2009, February 11, 2009, and February 19, 2009. The section on Public Participation (below) gives details for the Webinars.

DATES: In order to ensure full consideration, all responses must be submitted by midnight, March 31, 2009.

SUPPLEMENTARY INFORMATION:

Background

The mission of the Office of Dietary Supplements (ODS) is to strengthen knowledge and understanding of dietary supplements by evaluating scientific information, stimulating and supporting research, disseminating research results, and educating the public to foster an enhanced quality of life and health for the U.S. population. The ODS was established in the Office of the Director, NIH, in 1995 as a major provision of the Dietary Supplement Health and Education Act of 1994 (DSHEA). A key early activity was the development of the Strategic Plan for 1998-2003 to set out goals for program development. The Strategic Plan was prepared with considerable input from NIH Institutes and Centers, other Federal Agencies, consumers, and other interested parties. The original five-year plan was revised for 2004-2009.

The five strategic goals for ODS have been:

1. Expand the evaluation of the role of dietary supplements in disease prevention and in reduction of risk factors associated with disease.

2. Foster research that evaluates the role of dietary supplements in maintaining and improving optimal
