SUPPLEMENTARY INFORMATION:

Summary of Information Collection

USMEPCOM, with headquarters in North Chicago, Ill., is a joint service command staffed with civilians and military from all five branches of service. The command, through its network of 65 Military Entrance Processing Stations, determines whether applicants are qualified for enlistment based on standards set by each of the services. USMEPCOM Regulation 601-23, *Enlistment Processing*, directs the information collection requirement for all 65 Military Entrance Processing Stations (MEPS) to obtain timely feedback on MEPS core processes. This web-based tool will allow MEPS to efficiently administer voluntary surveys on a routine basis to their primary customer, the applicants, for military service. This information collection requirement is necessary to aid the MEPS in evaluating effectiveness of current policies and core processes, identifying unmet customer needs, and allocating resources more efficiently.

Title and OMB Control Number:

Department of Defense Education Activity (DODEA) Evaluation and Program Surveys—Generic; OMB Control Number 0704-0437.

Needs and Uses: The Department of Defense Education Activity (DODEA) has a need to conduct a variety of one-time surveys, interviews, and focus groups on an as-needed basis. The population for these data collections will be limited to students and parents of students attending DODEA schools. These information collections are necessary to measure DODEA's progress on the goals set forth in the Community Strategic Plan, and to assess parent and student input on school policies and procedures. These data collections will include, but are not limited to, school operations and procedures (such as school uniforms, transportation, school calendar), school facilities, curricular and instructional needs and effectiveness, programmatic needs and effectiveness, and extra-curricular and co-curricular activities. The information sought by these data collections will allow DODEA to quickly have access to the information necessary to determine overall effectiveness, increase

efficiency, and obtain valuable input from parents and students on new and existing policies and procedures. Data collection instruments to include burden hours and supporting documentation will be submitted to the DOD Clearance Officer and OMB for final approval as they become available.

Affected Public: Individuals or households.

Annual Burden Hours: 1,041.

Number of Respondents: 2,500.

Responses per Respondent: 1.

Average Burden per Response: 25 minutes.

Frequency: On occasion.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

The following categories will be included in this data collection.

School procedures and policies.

These data collections will gather information from DODEA students and parents on issues related to the everyday operational processes and policies of the school. These data collections will include, but will not be limited to, information on the school calendar, school uniforms, school transportation, school lunch, school facilities (i.e., gymnasiums, cafeterias, and playgrounds). These data collections will allow DODEA to immediately identify or determine the extent of student and parent concerns and to quickly gather suggestions for improvement from parents and students.

School curriculum. These data collections will gather information from students and parents on the curricular availability and instructional practices in DODEA schools. These data collections will include, but will not be limited to, course offerings, availability and use of curricular materials, instructional practices, and availability and use of educational technology. These data collections will also gather information on the perceived effectiveness of the school curriculum.

Program effectiveness and operations.

These data collections will gather opinions from students and parents on the provision, needs, and effectiveness of non-curricular programs and support services, such as counseling, special education services, gifted education, English as a Second Language Services, Physical and Occupational Therapy, and in-school medical services. These data collections will help assess the extent to which support services are available and accessible, as well as help determine the effectiveness and additional needs of support programs.

Extra-curricular and co-curricular activities. These data collections will
