

applicable, and the Project Number of the particular application to which the filing refers.

Any of the above-named documents must be filed by providing the original and eight copies to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. A copy of any motion to intervene must also be served upon each representative of the Applicants specified in the particular application.

o. *Agency Comments*—Federal, State, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicants. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicants' representatives.

Kimberly D. Bose,
Secretary.

[Docket No. ER09-279-000]

Buffalo Ridge I LLC; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

November 20, 2008.

This is a supplemental notice in the above-referenced proceeding of Buffalo Ridge I LLC's application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC, 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is December 22, 2008.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above-referenced proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. PF08-24-000]

Calais LNG Project Company, LLC; Notice of Intent To Prepare an Environmental Impact Statement for the Calais LNG Project, Request for Comments on Environmental Issues, and Notice of Public Scoping Meeting

November 20, 2008.

The Federal Energy Regulatory Commission (FERC or Commission) is in the process of evaluating the Calais LNG Project planned by Calais LNG Project Company, LLC (Calais). The project would consist of an onshore liquefied natural gas (LNG) import and storage terminal in Washington County, Maine, and about 20.5 miles natural gas sendout pipeline.

As a part of this evaluation, FERC staff will prepare an environmental impact statement (EIS) that will address the environmental impacts of the project. In cooperation with the FERC staff, the U.S. Department of Homeland Security, U.S. Coast Guard (Coast Guard) will assess the maritime safety and security of the project. This Notice of Intent (NOI) announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies on the planned project. Your input will help determine which issues need to be evaluated in the EIS. Please note that the scoping period will close on December 22, 2008.

Comments regarding this project may be submitted in written form or verbally. Further details on how to submit written comments are provided in the Public Participation section of this NOI. In lieu of or in addition to sending written comments, we invite you to attend the public scoping meeting scheduled as follows:

Date and time	Location
December 4, 2008, 6 p.m..	Washington County Community College—Auditorium, One College Drive, Calais, ME 04619, 207-454-1000.

The Commission will use the EIS in its decision-making process to determine whether to authorize the project. The Coast Guard will assess the safety and security of the Calais LNG Project and issue a Letter of Recommendation. As described above, the FERC staff will hold a public scoping meeting to allow the public to provide input on these assessments. This NOI explains the scoping process

that we¹ will use to gather information on the project from the public and interested agencies, and summarizes the process that the Coast Guard will use. Your input will help identify the issues that need to be evaluated in the EIS and in the Coast Guard's safety and security assessment.

The public scoping meeting listed above will be combined with the Coast Guard's public meeting regarding the maritime safety and security of the project. At the meeting, the Coast Guard will discuss: (1) The waterway suitability assessment that it will conduct to determine whether the waterway can safely accommodate the LNG vessel traffic and operation of the planned LNG marine terminal; and (2) the security assessment it will conduct in accordance with the requirements of the Maritime Transportation Security Act. The Coast Guard will not be issuing a separate meeting notice for the maritime safety and security aspects of the project.

The FERC will be the lead federal agency for the preparation of the EIS. The Coast Guard and the U.S. Army Corps of Engineers (Corps) will serve as cooperating agencies during preparation of the EIS. The document will satisfy the requirements of the National Environmental Policy Act of 1969 (NEPA). In addition, with this NOI, we are asking other Federal, State, and local agencies with jurisdiction and/or special expertise with respect to environmental issues to cooperate with us in the preparation of the EIS. These agencies may choose to participate once they have evaluated Calais's proposal relative to their responsibilities. Agencies that would like to request cooperating status should follow the instructions for filing comments described later in this NOI.

Consultations have already been initiated with the Corps, and other State and/or Federal agencies. Consultations with these and other agencies will continue throughout the project review and permitting period. Corps staff will be in attendance at the scoping meeting.

This NOI is being sent to Federal, State, and local government agencies; elected officials; Canadian officials and agencies; affected landowners; environmental and public interest groups; Indian tribes and regional Native American organizations; other interested parties; and local libraries and newspapers. We encourage government representatives to notify their constituents of this planned

¹ "We," "us," and "our" refer to the environmental staff of the FERC's Office of Energy Projects.
