National Institutes of Health

National Library of Medicine; Notice of Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. Appendix 2), notice is hereby given of the following meeting.

The meeting will be open to the public as indicated below, with attendance limited to space available. Individuals who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should notify the Contact Person listed below in advance of the meeting.

The portions of the meeting devoted to the review and evaluation of journals for potential indexing by the National Library of Medicine will be closed to the public in accordance with the

provisions set forth in section 552b(c)(9)(B), Title 5 U.S.C., as amended. Premature disclosure of the titles of the journals as potential titles to be indexed by the National Library of Medicine, the discussions, and the presence of individuals associated with these publications could significantly frustrate the review and evaluation of individual journals.

Name of Committee: Literature Selection Technical Review Committee.

Date: February 26-27, 2009.

Open: February 26, 2009, 9 a.m. to 11 a.m.

Agenda: Administrative reports and program discussion.

Place: National Library of Medicine, Building 38, Board Room, 2nd Floor, 8600 Rockville Pike, Bethesda, MD 20894.

Closed: February 26, 2009, 11 a.m. to 5 p.m.

Agenda: To review and evaluate journals as potential titles to be indexed by the National Library of Medicine.

Place: National Library of Medicine, Building 38, Board Room, 2nd Floor, 8600 Rockville Pike, Bethesda, MD 20894.

Closed: February 27, 2009, 8:30 a.m. to 2 p.m.

Agenda: To review and evaluate journals as potential titles to be indexed by the National Library of Medicine.

Place: National Library of Medicine, Building 38, Board Room, 2nd Floor, 8600 Rockville Pike, Bethesda, MD 20894.

Contact Person: Sheldon Kotzin, MLS, Associate Director, Division of Library Operations, National Library of Medicine, 8600 Rockville Pike, Bldg 38/Room 2W06, Bethesda, MD 20894, 301-496-692, Sheldon_Kotzin@nlm.nih.gov.

Any interested person may file written comments with the Committee by forwarding the statement to the Contact Person listed on this Notice. The statement should include the name, address, telephone number and, when applicable, the business or professional affiliation of the interested person.

In the interest of security, NIH has instituted stringent procedures for entrance into the building by non-government employees. Persons without a government ID will need to show a photo ID and sign in at the security desk upon entering the building. (Catalogue of Federal Domestic Assistance Program No. 93.879, Medical Library Assistance, National Institutes of Health, 1-IHS)

Dated: November 20, 2008.

Jennifer Spaeth,

Director, Office of Federal Advisory Committee Policy, NIH.

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Proposed Project: GPRA Client

Outcomes for the Substance Abuse and Mental Health Services Administration (SAMHSA)—(OMB No. 0930-0208)—Revision

SAMHSA's Center for Substance Abuse Treatment (CSAT) is responsible for collecting data from discretionary services grants and contracts where client outcomes are to be assessed at three points (intake, discharge, and post-intake). SAMHSA's CSAT-funded projects are required to submit these data as a contingency of their award. The analysis of the data also will help determine whether the goal of reducing health and social costs of drug use to the public is being achieved.

The primary purpose of this data collection activity is to meet the reporting requirements of the Government Performance and Results Act (GPRA) by allowing SAMHSA to quantify the effects and accomplishments of SAMHSA's CSAT programs.

CSAT requests approval to increase the number of questions in the instrument due to the agency's need for additional information from its programs to satisfy reporting needs. The additional information needed is the following:

- Co-Occurring disorders screening—Over the years, CSAT has focused attention on co-occurring disorders and has established programs designed specifically for persons with both mental health and substance abuse problems. CSAT wants to make sure that all clients are screened regardless of the types of program they enter in order to get the treatment they need. CSAT has not had a formal way of assessing whether all programs screen clients for co-occurring disorders and consequently, these mental health problems potentially go untreated. CSAT will be able to monitor if clients are screened and for those who screen
