

(subtitle E of the Small Business Regulatory Enforcement Fairness Act of 1996). Therefore, the reporting requirement of 5 U.S.C. 801 does not apply.

Paperwork Reduction Act

The Paperwork Reduction Act (PRA) does not apply to this rule change. See 44 U.S.C. 3501–3521. The PRA imposes certain protocol for the “collection of information” by government agencies. The Act defines the “collection of information” as “the obtaining, causing to be obtained, soliciting, or requiring the disclosure to third parties or the public [of certain information]” pursuant to requirements “imposed on ten or more persons.” 44 U.S.C. 3502(3)(A). Regulations promulgated by the Office of Management and Budget to implement the PRA explain that “‘ten or more persons’ refers to the persons to whom a collection of information is addressed by the agency within any 12-month period.” 5 CFR 1320.3(c)(4). Current Department of Justice regulations implementing the Foreign Agents Registration Act require the agents of Cuba and seven other countries to register before those agents may engage in legal commercial transactions in the United States. 28 CFR part 73.2(a). Fewer than ten persons have registered per year under these regulations. The proposed rule would eliminate all countries except Cuba from the list of nations in these regulations, a change that would mirror the statutory exception to the legal commercial transaction exemption to the registration requirements imposed by section 951, and is not expected to increase the number of persons registering.

List of Subjects in 28 CFR Part 73

Agents of foreign governments; Foreign officials; Foreign relations.

■ Accordingly, by virtue of the authority vested in me as Attorney General, including 18 U.S.C. 951 and 28 U.S.C. 509 and 510, Part 73 of Chapter I of title 28 of the Code of Federal Regulations is amended as follows:

PART 73.2—EXCEPTIONS

■ 1. The authority citation for part 73 continues to read as follows:

Authority: 18 U.S.C. 951; 28 U.S.C. 509, 510.

■ 2. Revise paragraph (a) of part 73.2 to read as follows:

§ 73.2 Exceptions.

(a) The exemption provided in 18 U.S.C. 951(d)(4) for a “legal commercial transaction” shall not be available to

any person acting subject to the direction or control of a foreign government or official where such person is an agent of Cuba or any other country that the President determines (and so reports to the Congress) poses a threat to the national security interest of the United States for purposes of 18 U.S.C. 951; or has been convicted of or entered a plea of nolo contendere to any offense under 18 U.S.C. 792–799, 831, or 2381, or under section 11 of the Export Administration Act of 1979, 50 U.S.C. app. 2410.

Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: Base (1% annual chance) Flood Elevations (BFEs) and modified BFEs are made final for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The date of issuance of the Flood Insurance Rate Map (FIRM) showing BFEs and modified BFEs for each community. This date may be obtained by contacting the office where the maps are available for inspection as indicated on the table below.

ADDRESSES: The final BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: William R. Blanton, Jr., Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646–3151.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below for the modified BFEs for each community listed. These modified elevations have been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Assistant Administrator of the Mitigation Directorate has resolved any appeals resulting from this notification.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67. FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM available at the address cited below for each community. The BFEs and modified BFEs are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act. This final rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601–612, a regulatory flexibility analysis is not required.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This final rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This final rule meets the applicable standards of Executive Order 12988.
