Mill Run Windpower, LLC; Notice of Issuance of Order

December 2, 2008.

Mill Run Windpower, LLC (Mill Run) filed an application for market-based rate authority, with an accompanying tariff. The proposed market-based rate tariff provided for the sale of energy, capacity and ancillary services at market-based rates. Mill Run also requested waivers of various Commission regulations. In particular, Mill Run requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by Mill Run.

On July 17, 2001, pursuant to delegated authority, the Director, Division of Corporate Applications, granted the requests for blanket approval under part 34 (Director's Order). On December 2, 2008, pursuant to delegated authority, the Director, Division of Tariffs and Market Development—West, issued an errata correcting several omissions from the Director's Order (Errata). Among them,

the Errata stated that the Commission would publish a separate notice in the **Federal Register** establishing a period of time for the filing of protests.

Notice is hereby given that the deadline for filing protests is December 8, 2008.

Absent a request to be heard in opposition to such blanket approvals by the deadline above, Mill Run is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of Mill Run, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approvals of Mill Run's issuance of securities or assumptions of liability.

Copies of the full text of the Director's Order are available from the Commission's Public Reference Room, 888 First Street, NE., Washington, DC 20426.
