SUPPLEMENTARY INFORMATION:**I. Background**

Pursuant to the savings clause in the Homeland Security Act of 2002, Public Law 107-296, Section 1512, 116 Stat. 2310 (November 25, 2002), the Department of Homeland Security (DHS) and its component agency Immigration and Customs Enforcement (ICE) have relied on preexisting Privacy Act system of records notices for the collection and maintenance of records pertaining to ICE's arrests of individuals, and searches, detentions, and seizures of property pursuant to ICE's law enforcement authorities. As part of its efforts to streamline and consolidate its record systems, DHS is establishing a component system of records under the Privacy Act (5 U.S.C.

552a) for ICE to cover these records. The collection and maintenance of this information will assist ICE in meeting its obligation to record its actions regarding searches of individuals and property, arrests of individuals, and detentions and seizures of property and goods pursuant to ICE's law enforcement authorities.

In accordance with the Privacy Act of 1974, DHS is giving notice that it proposes to consolidate two legacy record systems: Treasury/CS.212 Search/Arrest/Seizure Report (66 FR 52984 October 18, 2001) and Treasury/CS.214 Seizure File (66 FR 52984 October 18, 2001) into an ICE system of records notice titled Search, Arrest, and Seizure Records. Categories of individuals, categories of records, and the routine uses of these legacy system of records notices have been consolidated and updated to better reflect ICE's search, arrest, and seizure records. Additionally, DHS is issuing a Notice of Proposed Rulemaking (NPRM) concurrent with this SORN elsewhere in the **Federal Register**. The exemptions for the legacy system of records notices will continue to be applicable until the final rule for this SORN has been completed. This system will be included in the Department's inventory of record systems.

II. Privacy Act

The Privacy Act embodies fair information principles in a statutory framework governing the means by which the United States Government collects, maintains, uses, and disseminates individuals' information. The Privacy Act applies to information that is maintained in a "system of records." A "system of records" is a group of any records under the control of an agency for which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act, an individual is defined to encompass United States citizens and lawful permanent residents. As a matter of policy, DHS extends administrative Privacy Act protections to all individuals where systems of records maintain information on U.S. citizens, lawful permanent residents, and visitors. Individuals may request access to their own records that are maintained in a system of records in the possession or under the control of DHS by complying with DHS Privacy Act regulations, 6 CFR Part 5.

The Privacy Act requires each agency to publish in the **Federal Register** a description denoting the type and character of each system of records that

the agency maintains, and the routine uses that are contained in each system in order to make agency record keeping practices transparent, to notify individuals regarding the uses of their records, and to assist individuals to more easily find such files within the agency. Below is the description of the DHS/ICE Search, Arrest, and Seizure Records system of records.

In accordance with 5 U.S.C. 552a(r), DHS has provided a report of this system of records to the Office of Management and Budget (OMB) and to Congress.

DEPARTMENT OF HOMELAND SECURITY

Office of the Secretary

[Docket No. DHS-2008-0186]

Privacy Act of 1974; U.S. Immigration and Customs Enforcement-006 Intelligence Records System (IIRS) System of Records

AGENCY: Privacy Office, DHS.

ACTION: Notice of Privacy Act system of records.

SUMMARY: In accordance with the Privacy Act of 1974, the Department of Homeland Security proposes to establish a new system of records titled the U.S. Immigration and Customs Enforcement (ICE) Intelligence Records System (IIRS). IIRS contains information generated or received by the ICE Office of Intelligence, or other offices within ICE that support the law enforcement intelligence mission, that is analyzed and disseminated to ICE executive management and operational units for law enforcement, intelligence, counterterrorism, and other homeland security purposes. IIRS also contains data maintained in the Office of Intelligence's Intelligence Fusion System (IFS), a software application and data repository that facilitates research and analysis of information from a variety of sources within and outside of DHS to support law enforcement activities and investigations of violations of U.S. laws, administration of immigration laws and other laws

administered or enforced by DHS, and production of DHS law enforcement intelligence products. Additionally, a Privacy Impact Assessment for IFS will be posted on the Department's privacy Web site. (See www.dhs.gov/privacy and follow the link to "Privacy Impact Assessments.") Due to urgent homeland security and law enforcement mission needs, IFS is currently in operation. Recognizing that ICE is publishing a notice of system of records for an existing system, ICE will carefully consider public comments, apply appropriate revisions, and republish the IIRS notice of system of records within 180 days of receipt of comments. A proposed rulemaking is also published in this issue of the **Federal Register** in which the Department proposes to exempt portions of this system of records from one or more provisions of the Privacy Act because of criminal, civil, and administrative enforcement requirements.

DATES: The established system of records will be effective January 8, 2009. Written comments must be submitted on or before January 8, 2009. A revised IIRS notice of system of records that addresses public comments, responds to OMB direction, and includes other ICE changes will be published not later than July 7, 2009 and will supersede this notice of system of records.

ADDRESSES: You may submit comments, identified by docket number DHS-2008-0186 by one of the following methods:

- *Federal e-Rulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.
- *Fax:* 1-866-466-5370.
- *Mail:* Hugo Teufel III, Chief Privacy Officer, Privacy Office, Department of Homeland Security, Washington, DC 20528.
