Cooperative State Research, Education, and Extension Service

Title: CSREES Proposal Review Process.

OMB Control Number: 0524-0041.

Summary of Collection: The Cooperative State Research, Education, and Extension Service (CSREES) is responsible for performing a review of proposals submitted to CSREES competitive awards programs in accordance with section 103(a) of the Agricultural Research, Extension, and Education Reform Act, of 1998, 7 U.S.C. 7613(a). Reviews are undertaken to ensure that projects supported by CSREES are of high quality and are consistent with the goals and requirements of the funding program. Proposals submitted to CSREES undergo a programmatic evaluation to determine worthiness of Federal support. The evaluations consist of a peer panel review and may also entail an assessment by Federal employees. CSREES will collect information using the "Proposal Review Sheet" or the "Reviewer Worksheet", and a Reviewer Questionnaire.

Need and Use of the Information: The collected information from the evaluations is used to support CSREES grant programs. CSREES uses the results of each proposal to determine whether a proposal should be declined or recommended for award. If this information is not collected, it would be difficult for a review panel and CSREES staff to determine which projects warrant funding, or identify appropriate qualified reviewers. In addition, Federal grants staff and auditors could not assess the quality or integrity of the review, and the writer of the application would not benefit from any feedback on why the application was funded or not.

Grain Inspection, Packers and Stockyard Administration

Title: Export Inspection and Weighing Waiver for High Quality Specialty Grains Transported in Containers.

OMB Control Number: 0580-0022.

Summary of Collection: The United States Grain Standards Act, as amended (7 U.S.C. 71-87) (USGSA), with few exceptions, requires that all grain shipped from the United States must be officially inspected and weighed. The Grain Inspection, Packers and Stockyards Administration (GIPSA) amended section 7 CFR 800.18 of the regulations to waive the mandatory inspection and weighing requirements of the USGSA for high quality specialty grain exported in containers. GIPSA established this waiver to facilitate the marketing of high quality specialty grain exported in containers.

Need and Use of the Information: To comply with the waiver of the mandatory inspection and weighing requirements, GIPSA requires exporters of high quality specialty grain to maintain records generated during the normal course of business that pertain to these shipments and make these documents available to GIPSA upon request for review or copying purposes. These records are maintained for a period of 3 years. This requirement is essential to ensure exporters of high quality specialty grain in containers comply with the waiver requirements.

Description of Respondents: Business or other for-profit.

Number of Respondents: 40.

Frequency of Responses: Recordkeeping.

Total Burden Hours: 240.
