SUPPLEMENTARY INFORMATION: Pursuant to the Commodity Promotion, Research, and Information Act of 1996 (Act) (7 U.S.C. 7411-7425), it is hereby directed that a referendum be conducted to ascertain whether continuance of the Order is favored by those persons who have been engaged in the production, feeding, or slaughtering of lamb from January 1, 2008 through December 31, 2008. The Act requires that a referendum to ascertain approval of an Order must be conducted no later than 3 years after assessments first begin. Assessments began on July 1, 2002. A referendum of lamb producers, feeders, seedstock producers, and first handlers of lamb and lamb products was conducted from January 31, 2005 through February 28, 2005. A majority of the participants voted in favor of the continuation of the Order. The Act also requires a subsequent referendum on the Order be conducted no later than 7 years after assessments first begin. Thus, USDA is required to conduct a nationwide referendum among persons subject to the assessment by July 1, 2009. The Order will continue if a majority of those persons voting, who also represent a majority of the volume of lambs, vote in favor of continuing the program. If the continuation of the Order is not approved by eligible persons voting in the referendum, USDA will begin the process of terminating the program.

The representative period for establishing voter eligibility for the referendum shall be the period from January 1, 2008 through December 31, 2008. Persons who were engaged in the production, feeding, or slaughtering of lambs and who provide documentation, such as a sales receipt or remittance form, showing that they were engaged in the production, feeding, or slaughter of lambs from January 1, 2008 through December 31, 2008 are eligible to vote.

Eligible voters will be provided the opportunity to vote at the county FSA office where FSA maintains and processes the eligible voter's administrative farm records. For the eligible voter not participating in FSA programs, the opportunity to vote will

be provided at the FSA office serving the county where the person owns or rents land. Participation in the referendum is not mandatory.

Procedures used in conducting this referendum are set forth in 7 CFR part 1208, subpart E. A final rule amending this subpart is published in this issue of the **Federal Register**.

Pursuant to the Act, USDA is conducting the required referendum beginning February 2, 2009 through February 27, 2009.

Form LS-86 may be requested in person, by mail, or by facsimile from February 2, 2009 through February 27, 2009. Form LS-86 may also be obtained via the Internet at: <http://www.ams.usda.gov/LSMarketingPrograms> during the same 4-week period. Eligible voters would vote at the FSA office where FSA maintains and processes the person's, corporation's, or other entity's administrative farm records. For the person, corporation, or other entity eligible to vote that does not participate in FSA programs, the opportunity to vote would be provided at the FSA office serving the county where the person, corporation, or other entity owns or rents land.

Voters can determine the location of county FSA offices by contacting (1) The nearest FSA office, (2) the State FSA office, or (3) through an online search of FSA's Web site at: <http://www.fsa.usda.gov/pas/default.asp>. From the options available on this Web site select "Your local office," click on your State, and click on the map to select a county.

Form LS-86 and supporting documentation may be returned in person, by mail, or facsimile to the appropriate county FSA office. Form LS-86, and accompanying documentation returned in person or by facsimile, must be received in the appropriate FSA office prior to the close of business on February 27, 2009. Form LS-86 and accompanying documentation returned by mail must be postmarked no later than midnight of February 27, 2009, and received in the county office by close of business on March 6, 2009.

In accordance with Paperwork Reduction Act (44 U.S.C. Chapter 35), the information collection requirements have been approved under OMB number 0581-0093.

Authority: 7 U.S.C. 7411-7425 and 7 U.S.C. 7401.

AGENCY: Commodity Credit Corporation, USDA.

ACTION: Notice; Finding of No Significant Impact.

SUMMARY: This notice announces that the Commodity Credit Corporation (CCC) has completed a Final Programmatic Environmental Assessment (PEA) and is issuing a Finding of No Significant Impact (FONSI) with respect to the implementation of changes to the Conservation Reserve Program (CRP) and changes to the Farmable Wetlands Program (FWP) authorized by the Food, Conservation, and Energy Act of 2008 (2008 Farm Bill). FWP operates as part of CRP.

FOR FURTHER INFORMATION CONTACT:

Matthew Ponish, National Environmental Compliance Manager, USDA, FSA, CEPD, Stop 0513, 1400 Independence Ave., SW., Washington, DC 20250-0513, (202) 720-6853, or e-mail: Matthew.Ponish@wdc.usda.gov. Persons with disabilities who require alternative means for communication (Braille, large print, audio tape, etc.) should contact the USDA Target Center at (202) 720-2600 (voice and TDD).

SUPPLEMENTARY INFORMATION: The Final PEA assesses the potential environmental impacts associated with implementing the mandatory changes to CRP (Proposed Action) required by sections 1604, 2106, and 2109 of the 2008 Farm Bill (Pub. L. 110-246) related to income limitations, FWP (a component of CRP), and cost-sharing provisions, respectively. FWP changes include the enrollment eligibility expansion to three new categories of land under FWP:

(1) Land on which a constructed wetland designed to provide nitrogen removal and other wetland functions is to be developed to receive flow from a row crop agricultural drainage system;

(2) Land that was devoted to commercial pond-raised aquaculture in any year during 2002 through 2007; and

(3) Land that, after January 1, 1990, and before December 31, 2002, was cropped during at least three of 10 years and was subject to the natural overflow of a prairie wetland.

In addition, the 2008 Farm Bill authorizes enrollment into CRP buffer land adjacent to a wetland that would enhance wildlife benefits, to the extent practicable in terms of upland to wetland ratios, as determined by the Secretary. The 2008 Farm Bill also changed provisions for income limitations and cost-sharing that apply to CRP as a whole. The new adjusted gross income limitation of \$1 million applies to CRP; however, consistent with section 1001D of the 1985 Farm Bill, as amended by section 1604 of the 2008 Farm Bill, CCC may waive the average adjusted income limitation on a case-by-case basis to protect environmentally sensitive land of special significance.

The new cost sharing provisions relate to thinning of trees, windbreaks, shelterbelts, and wildlife corridors to improve resources on the land.

The final PEA analyzes the potential environmental impacts to CRP associated with implementing select provisions of the 2008 Farm Bill. FSA analyzed the No Action Alternative

(continuation of CRP as currently implemented) as an environmental baseline.

The final PEA also provides a means for the public to voice any suggestions they may have about the program and any ideas for rulemaking. The final PEA can be reviewed online at: <http://www.fsa.usda.gov/FSA/webapp?area=home&subject=ecrc&topic=nep-cd>.

The PEA was completed as required by NEPA, the Council on Environmental Quality (CEQ) Regulations for Implementing the Procedural Provisions of NEPA (40 CFR parts 1500-1508), and FSA's policy and procedures (7 CFR part 799). Additional analysis under the National Environmental Policy Act (NEPA, 42 U.S.C. 4321-4347) of potential impacts associated with certain implementation alternatives not included in the PEA may be conducted, as appropriate.

Determination

In consideration of the analysis documented in the Final PEA and the reasons outlined in the FONSI, the preferred alternative (Proposed Action) would not constitute a major State or Federal action that would significantly affect the human environment. In accordance with the NEPA, 40 CFR part 1502.4, "Major Federal Actions Requiring the Preparation of Environmental Impact Statements," and 7 CFR Part 799, "Environmental Quality and Related Environmental Concerns—Compliance with the National Environmental Policy Act," and implementing the regulations of the Council on Environmental Quality (40 CFR parts 1500-1508), I find that neither the proposed action nor any of the alternatives analyzed constitute a major Federal action significantly affecting the quality of the human environment. Therefore, no environmental impact statement will be prepared.

Signed in Washington, DC, on December 10, 2008.

Teresa C. Lasseter,

Executive Vice President, Commodity Credit Corporation.
