**Endangered and Threatened Wildlife and Plants; Initiation of 5-Year Reviews of 7 Listed Species**

**AGENCY:** Fish and Wildlife Service, Interior.  
**ACTION:** Notice of review; request for information.

**SUMMARY:** We, the U.S. Fish and Wildlife Service, initiate 5-year reviews of the endangered Appalachian monkeyface (*Quadrula sparsa*), the northeast population of the roseate tern (*Sterna dougalii dougalii*), and the shale barren rock-cress (*Arabis serotina*), and the threatened Cheat Mountain salamander (*Plethodon nettingi*), the Madison cave isopod (*Antrolana lira*), the sensitive joint-vetch (*Aeschynomene virginica*), and the Virginia sneezeweed (*Helenium virginicum*), under the Endangered Species Act of 1973, as amended (Act). We request any new information on these species that may have a bearing on their classification as endangered or threatened. Based on the results of these 5-year reviews, we will make a finding on whether these species are properly classified under the Act.

**DATES:** To allow us adequate time to conduct these reviews, we are requesting submission of new information by February 17, 2009. However, we will continue to accept new information about any listed species at any time.

**ADDRESSES:** For instructions on where to submit information and review the information that we receive on these species, see "Public Solicitation of New Information."

**FOR FURTHER INFORMATION CONTACT:** Ms. Mary Parkin, U.S. Fish and Wildlife Service, Northeast Region, 300 Westgate Center Drive, Hadley, MA 01035, 413-253-8617 or 617-876-6173, or via e-mail at [mary\\_parkin@fws.gov](mailto:mary_parkin@fws.gov). Individuals who are hearing impaired or speech impaired may call the Federal

Relay Service at 800-877-8337 for TTY assistance. For species-specific information, contact the appropriate person under "Public Solicitation of New Information."

**SUPPLEMENTARY INFORMATION:**

**Why Do We Conduct a 5-Year Review?**

Under the Act we maintain the List of Endangered and Threatened Wildlife and Plant Species (List) at 50 CFR 17.11 and 17.12. We amend the List by publishing final rules in the **Federal Register**. Section 4(c)(2)(A) of the Act requires that we conduct a review of listed species at least once every 5 years. Section 4(c)(2)(B) requires that we determine: (1) Whether a species no longer meets the definition of threatened or endangered and should be removed from the List (delisted); (2) Whether a species more properly meets the definition of threatened and should be reclassified from endangered to threatened; or (3) Whether a species more properly meets the definition of endangered and should be reclassified from threatened to endangered. Using the best scientific and commercial data available, a species will be considered for delisting if the data substantiate that the species is neither endangered nor threatened for one or more of the following reasons: (1) The species is considered extinct; (2) The species is considered to be recovered; and/or (3) The original data available when the species was listed, or the interpretation of such data, were in error. Any change in Federal classification requires a separate rulemaking process. Therefore, we are requesting submission of any such information that has become available since either the original listing or the most recent status review for these species. Based on the results of these 5-year reviews, we will make the requisite findings under section 4(c)(2)(B) of the Act.

Our regulations at 50 CFR 424.21 require that we publish a notice in the **Federal Register** announcing those species currently under review. This notice announces initiation of our active review of the species in Table 1.
