**Submission for OMB Review; Comment Request**

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Bottlenose Dolphin Conservation Outreach Survey.

OMB Control Number: None.

Form Number(s): None.

Type of Request: Regular submission.

Burden Hours: 563.

Number of Respondents: 1,125.

Average Hours per Response: 30 minutes.

*Needs and Uses:* The objective of this survey is to assess the level of awareness on issues related to regulations preventing feeding/harassment of wild bottlenose dolphins, which are protected under the Marine Mammal Protection Act. In particular, the survey is designed to determine what commercial operators and the general public know about specific regulations prohibiting feeding and harassment of bottlenose dolphins, and how they gained their knowledge and/or perceptions on the topic. This information will be used to help refine outreach and education materials and associated efforts. The initial geographic region for this survey is Panama City, Florida, where numerous incidences of dolphin harassment and feeding have been documented. The intent ultimately is to also use this survey in other areas of the southeast region to gain a similar understanding and ensure outreach messages are appropriate for intended audiences.

*Affected Public:* Individuals or households; business or other for-profit organizations.

*Frequency:* One time only.

*Respondent's Obligation:* Voluntary.

**Ferrovanadium from the People's Republic of China and the Republic of South Africa: Continuation of Antidumping Duty Orders**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** As a result of the determinations by the Department of Commerce ("Department") and the International Trade Commission ("ITC") that revocation of the existing antidumping duty ("AD") orders on ferrovanadium from the People's Republic of China ("PRC") and the Republic of South Africa ("South Africa") would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States within a reasonably foreseeable time, the Department is publishing this notice of continuation of the AD orders.

**EFFECTIVE DATE:** December 19, 2008.

**FOR FURTHER INFORMATION CONTACT:** Juanita H. Chen at 202-482-1904; AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

**SUPPLEMENTARY INFORMATION:**

**Background**

On December 3, 2007, the Department initiated sunset reviews of the AD orders on ferrovanadium from the PRC and South Africa, pursuant to section 751(c) of the Tariff Act of 1930, as amended ("Act"). See *Initiation of Five-year ("Sunset") Reviews*, 72 FR 67890 (December 3, 2007); see also *Notice of Amended Final Antidumping Duty Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Ferrovanadium From the People's Republic of China*, 68 FR 4168 (January 28, 2003); *Notice of Antidumping Duty Order: Ferrovanadium from the Republic of South Africa*, 68 FR 4169 (January 28, 2003). As a result of its reviews, the Department found that revocation of these AD orders would likely lead to continuation or recurrence of dumping and notified the ITC of the margins likely to prevail were the orders revoked.
