Title: Grant Accrual Surveys of FTA Grantees.
(OMB Number: 2132-NEW).

Background: FTA administers over 40 programs which include Formula Grants, New Starts, Fixed Guideway Modernization and the Bus and Bus Facilities Program. FTA is required to estimate and record accrued liability and expenses in its financial statements for grant expenses incurred but not yet submitted to FTA for reimbursement by grantees. This is required by the Department of Transportation, Office of the Secretary, and the Federal Accounting Standards Advisory Board guidelines. The surveys covered in this request will provide FTA with a means to gather data directly from its grantees. The information obtained from the surveys will be used to assess how FTA estimates the amount owed its grantees at the end of each accounting period. FTA needs the survey information to meet the Chief Financial Officer's Act financial statement audit requirements.

The surveys will be limited to data collections that solicit voluntary opinions and will not involve information that is required by regulations.

Respondents: FTA grantees.

Estimated Annual Burden on Respondents: 15 hours for each of the 50 respondents.

Estimated Total Annual Burden: 750 hours.

Frequency: Annual.

Issued: December 15, 2008.

Ann M. Linnertz,

Associate Administrator for Administration.
