Abstract: The Neotropical Migratory Bird Conservation Act establishes a matching grants program to fund projects that promote the conservation of neotropical migratory birds in the United States, Canada, Latin America, and the Caribbean. The purposes of NMBCA are to:

(1) Perpetuate healthy populations of neotropical migratory birds;

(2) Assist in the conservation of these birds by supporting conservation initiatives in the United States, Canada, Latin America, and the Caribbean; and

(3) Provide financial resources and foster international cooperation for those initiatives.

Principal conservation actions supported by NMBCA are:

(1) Protection and management of neotropical migratory bird populations.

(2) Maintenance, management, protection, and restoration of neotropical migratory bird habitat.

(3) Research and monitoring.

(4) Law enforcement.

(5) Community outreach and education.

We publish notices of funding availability on the Grants.gov website (<http://www.grants.gov>) as well as in the Catalog of Federal Domestic Assistance (<http://cfda.gov>). To compete for grant funds, partnerships submit applications that describe in substantial detail project locations, project resources, future benefits, and other characteristics that meet the standards established by the Fish and Wildlife Service and the requirements of NMBCA.

Materials that describe the program and assist applicants in formulating project proposals for consideration are

available on our website at <http://www.fws.gov/birdhabitat>. Persons who do not have access to the Internet may obtain instructional materials by mail. We have not made any major changes in the scope and general nature of the instructions since the OMB first approved the information collection in 2002.

Comments: On June 24, 2008, we published in the Federal Register (73 FR 35704) a notice of our intent to request that OMB renew this ICR. In that notice, we solicited comments for 60 days, ending on August 25, 2008. We received one comment. The comment expressed opposition to the NMBCA grants program, but did not address the information collection requirements. We did not make any changes to our information collection requirements as a result of this comment.
