Maps delineating the individual proposed sale parcels are available for public review at <http://www.propertydisposal.gsa.gov>, and at the Las Vegas Field Office (LVFO), which is located at the BLM Southern Nevada District Office. The FMV for each parcel will be available 60 days prior to the sale date.

The lands are being offered for sale online via the internet using competitive sale procedures pursuant to 43 CFR 2711.3-1. Bidding on the subject parcels will begin at FMV and remain open for sale for a period of 60 days in accordance with the competitive sale procedures. Bidders may go to the GSA Web site at <http://www.auctionrnp.com> to register, obtain maps and get information on how to submit competitive online bids via the internet for the sale. A submitted online internet bid is a binding offer.

At the conclusion of the auction, the highest qualified bid for any parcel will be declared the apparent high bidder under 43 CFR 2711.3-1(d). The declared high bidder will have 10 days from closure of the online auction to submit a bid deposit of not less than 20 percent of the successful high bid amount. Payment must be made in the form of a cashiers check, certified check or U.S. postal money order, and made payable in U.S. dollars to "General Services Administration." Personal or company checks will not be accepted. Failure to submit the 20 percent bid deposit amount following the sale will result in cancellation of the bid. At the conclusion of the 10 days, the

successful bidder will receive a high bidder letter from the BLM with detailed information for full payment. No contractual or other rights against the United States may accrue until BLM officially accepts the offer to purchase and the full bid price is paid.

Terms and Conditions: Certain minerals for each parcel will be reserved in accordance with the BLM's approved Mineral Potential Report, dated January 22, 1999. Information pertaining to the reservation of minerals specific to the parcel is located in the case file and available for review at the LVFO. An offer to purchase these parcels will constitute an application for mineral conveyance of the "no known value" mineral interests. In conjunction with the final payment, an applicant for "no known value" mineral interests will be required to pay a \$50 non-refundable filing fee for processing the conveyance of the "no known value" mineral interests which will be sold simultaneously with the surface interests.

The following numbered terms and conditions will appear on the conveyance documents for these parcels:

1. Discretionary leasable and saleable mineral deposits on the lands in Clark County, if any, reserved to the United States, in accordance with the above referenced Mineral Potential Report. Permittees, licensees, and lessees of the United States retain the right to prospect for, mine, and remove such leasable and saleable minerals owned by the United States under applicable law and any regulations that the Secretary of the Interior may prescribe, together with all necessary access and exit rights;
2. A right-of-way is reserved for ditches and canals constructed by authority of the United States under the Act of August 30, 1890 (43 U.S.C. 945);
3. A right-of-way for federal aid highway purposes (Blue Diamond Road) reserved to the Federal Highway Administration, its successors or assigns, by right-of-way No. Nev-012728, pursuant to the Act of August 27, 1958 (23 U.S.C. 107 (D)) within sale parcel N-85660;
4. All parcels are subject to valid existing rights;
5. The parcels are subject to reservations for road, public utilities and flood control purposes, both existing and proposed, in accordance with the local governing entities' transportation plans;
6. By accepting this patent, the patentee agrees to indemnify, defend and hold the United States harmless from any costs, damages, claims, causes of action, penalties, fines, liabilities, and
