SUPPLEMENTARY INFORMATION:

I. Abstract

This collection is required to implement the Firearms Convention. The first requirement is for U.S. exporters to acquire an Import Certificate from the government of the importing country. The U.S. exporter provides the certificate number to BIS and retains the certificate in company records. The Import Certificate is essential to the prevention of the spread of illicit firearms. The second requirement is the imposition of a licensing requirement for Firearms Convention items destined to Canada, a Convention Signatory. Previously, U.S. exporters exported such items to Canada without a license. The United States already required a license for the export of such items to the other Convention Signatories.

II. Method of Collection

Submitted electronically or in paper form.
