

the existing allocation parameters for orders represented in open outcry in Hybrid on an uninterrupted basis. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because such waiver will allow the CBOE to continue to operate under Rule 6.45A(b) without interruption. For this reason, the Commission designates the proposed rule change as operative upon filing.<sup>16</sup>

At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in the furtherance of the purposes of the Act.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of

the most significant parts of such statements.

*A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

1. Purpose

FINRA trade reporting rules require that over-the-counter transactions in debt and equity securities be reported to FINRA unless they qualify for an express exception under the rules.<sup>6</sup> FINRA is proposing to amend the trade reporting rules to clarify that in the limited circumstance where securities are transferred pursuant to an asset purchase agreement ("APA"), such transfer does not have to be reported if (1) the APA is subject to the jurisdiction and approval of a court of competent jurisdiction in insolvency matters; and (2) the purchase price under the APA is not based on, and cannot be adjusted to reflect, the current market prices of the securities on or following the effective date of the APA.<sup>7</sup>

FINRA believes that transfers effected pursuant to an APA under these circumstances are not trade reportable events and that reporting and dissemination of these transfers would not provide meaningful price discovery information to the market. By contrast, a transfer of securities pursuant to an APA where the terms of the APA dictate that the securities be transferred based on market prices that are current either on or following the effective date of the APA would be subject to the trade reporting rules. Thus, for example, if under the terms of the APA, the purchase price can be adjusted based on a change in the market price of the securities between the agreement date and the transfer date, the transfer of securities would be required to be reported.

Additionally, FINRA is proposing technical, non-substantive amendments to reorganize certain of the trade reporting rules to clarify that, as is the

<sup>6</sup> See FINRA Rules 6282 (formerly NASD Rule 4632A); 6380A (formerly NASD Rule 4632); 6380B (formerly NASD Rule 4632C); 6380C (formerly NASD Rule 4632E); 6622 (formerly NASD Rule 6620); 6633 (formerly NASD Rule 6732); 6643 (formerly NASD Rule 6920); and 6730 (formerly NASD Rule 6230).

<sup>7</sup> Generally, an APA addresses both the assets and liabilities to be transferred, which include both securities and non-securities assets and liabilities. In such instance, the purchase price under the APA would not be based solely on the securities positions, but on the basket of assets and liabilities as a whole. FINRA notes that where securities are the only asset being transferred pursuant to an APA, such transfer may nonetheless qualify under the proposed rule change where the APA is approved by the court and the purchase price is not based on current or future market prices.

case today, the transactions and transfers enumerated in new subparagraph (1) of the Rules are not to be reported to FINRA, while the transactions enumerated in new subparagraph (2) of the Rules are not to be reported to FINRA for publication purposes, but must be reported for regulatory transaction fee assessment purposes.<sup>8</sup>

FINRA rules have never required members to report the transactions enumerated in new subparagraph (1) (e.g., transactions reported on or through an exchange) to FINRA for either publication or regulatory purposes. By contrast, members historically have been required to report the transactions enumerated in new subparagraph (2) (i.e., away from the market sales and transactions effected upon the exercise of an over-the-counter option) to FINRA for purposes of regulatory transaction fees under Section 3 of Schedule A to the By-Laws ("Section 3"). Prior to 2006, these transactions were reported manually and not through one of FINRA's automated reporting facilities. In 2006, FINRA amended its rules and bylaws to require members to report on an automated basis all transactions that are subject to a regulatory transaction fee, but did not explicitly distinguish the two categories of transactions (i.e., transactions that do not get reported to FINRA at all and transactions that do not get reported for publication purposes, but do get reported for regulatory transaction fee assessment purposes) within the exceptions to the trade reporting rules.<sup>9</sup> The technical amendments that FINRA is proposing herein merely seek to clarify that distinction. They will not change members' reporting obligations or limit the transaction-related information that FINRA receives.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,<sup>10</sup> which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. FINRA believes that the

<sup>9</sup> See Securities Exchange Act Release No. 53977 (June 12, 2006), 71 FR 34976 (June 16, 2006) (order approving SR-NASD-2006-055).

<sup>10</sup> 15 U.S.C. 78o-3(b)(6).

proposed rule change will clarify members' trade reporting obligations and enhance market transparency.

*B. Self-Regulatory Organization's Statement on Burden on Competition*

FINRA does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

Written comments were neither solicited nor received.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The Exchange represented that the proposed rule change qualifies for immediate effectiveness pursuant to Section 19(b)(3)(A) of the Exchange Act<sup>11</sup> and Rule 19b-4(f)(6) thereunder<sup>12</sup> because it: (i) Does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.<sup>13</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

**IV. Solicitation of Comments**

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

<sup>12</sup> 17 CFR 240.19b-4(f)(6).

<sup>13</sup> In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.
