

economically equivalent to those that are or may be approved for trading on national securities exchanges, and to allow derivatives clearing organizations to clear such products. My objective here is not to impair or impede the trading of such cross-jurisdictional products; rather, my concern is solely to ensure that futures markets are not in any way competitively disadvantaged. I dissent once again, as I have in the past, because I do not believe that we have up to this point reached the level of coordination and cooperation between our agencies that provides the assurance of such reciprocity. I look forward to working with colleagues at the SEC on such collaborative efforts promptly to achieve these goals. Given the issuance of the order, however, I concur in the approval of the request for approval of rules.

Commissioner, Commodity Futures Trading Commission.
