The information in the mandatory logbooks are used to obtain fish catch/fishing effort data on coral reef taxa harvested in designated low-use marine protected areas and on potentially harvested coral reef taxa in certain waters of the U.S. exclusive economic zone in the western Pacific region. These data are needed to determine the condition of the stocks and whether the current management measures are having the intended effects, to evaluate the benefits and costs of changes in management measures, and to monitor and respond to incidental takes of endangered and threatened marine animals.

Affected Public: Business or other for-profit organizations.

Ball Bearings and Parts Thereof from France, Germany, Italy, Japan, and the United Kingdom: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: January 8, 2009.

FOR FURTHER INFORMATION CONTACT: Yang Jin Chun or Richard Rimlinger, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-5760 or (202) 482-4477, respectively.

SUPPLEMENTARY INFORMATION:

Background

At the request of interested parties, the Department of Commerce (the Department) initiated administrative reviews of the antidumping duty orders on ball bearings and parts thereof from France, Germany, Italy, Japan, and the United Kingdom for the period May 1, 2007, through April 30, 2008. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 73 FR 37409 (July 1, 2008). The preliminary results of the reviews are currently due no later than February 2, 2009.

Extension of Time Limit for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published. If it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary determination to a maximum of 365 days after the last day of the anniversary month.

We determine that it is not practicable to complete the preliminary results of these reviews within the original time limit because several respondents we had selected for individual examination

under section 777A(c)(2)(B) of the Act withdrew their requests for reviews on or before October 15, 2008. As a result, we identified additional respondents to examine on October 21, 2008. See the October 21, 2008, memoranda from Richard Rimlinger to Laurie Parkhill entitled “Ball Bearings and Parts Thereof from Japan Identification of Respondents” and “Ball Bearings and Parts Thereof from the United Kingdom Identification of Respondents.” Therefore, we are extending the time period for issuing the preliminary results of these reviews by 80 days until April 21, 2009.

This notice is published in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: December 31, 2008.

Edward C. Yang,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
