Abstract: This data collection is pursuant to the Secretary's authority under Part B of Title VI of the Elementary and Secondary Education Act (ESEA), to award funds under two grant programs designed to address the unique needs of rural school districts—the Small, Rural School Achievement Program (ESEA Section 6212) and the Rural and Low-Income School Program (ESEA Section 6221).

Under the Small, Rural School Achievement Program, the Secretary awards grants directly to eligible local educational agencies (LEAs) on a formula basis. Under the Rural and Low-income School Program, eligible school districts are sub-recipients of funds the Department awards to SEAs on a formula basis. For both grant programs, the Department awards funds based a determination of the eligibility of individual school districts and calculating formula allocations each eligible district should receive.

The Department has devised a two-tier strategy to accomplish the funding process for the REAP program: (1) the Department collects from SEAs the information the Department needs to make eligibility and funds allocation determinations, and (2) LEAs submit applications for grant funding.
