Submission for OMB Review; Comment Request

The United States Patent and Trademark Office (USPTO) will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: United States Patent and Trademark Office (USPTO).

Title: Public Key Infrastructure (PKI) Certificate Action Form.

Form Number(s): PTO-2042.

Agency Approval Number: 0651-0045.

Type of Request: Extension of a currently approved collection.

Burden: 1,383 hours annually.

Number of Respondents: 4,126 responses per year.

Avg. Hours Per Response: The USPTO estimates that it will take the public approximately 30 minutes (0.5 hours) to read the instructions and subscriber agreement, gather the necessary information, prepare the Certificate Action Form, and submit the completed request. The USPTO estimates that it will take the public approximately 10 minutes (0.17 hours) to complete and electronically submit the information required for certificate self-recovery.

Needs and Uses: The USPTO uses Public Key Infrastructure (PKI) technology to support electronic commerce between the USPTO and its customers. In order to access secure online systems offered by the USPTO for transactions such as electronic filing of patent applications and retrieving confidential patent application information, customers must first obtain a digital certificate. The public uses this collection to request a new digital certificate, the revocation of a current certificate, or the recovery of a lost certificate. This collection includes the existing Certificate Action Form (PTO-2042), which is provided by the USPTO to ensure that customers submit the necessary information for processing certificate requests. The accompanying

subscriber agreement explains the regulations governing the use of the digital certificates and the software that creates and validates the encryption keys. The online self-recovery form allows the public to recover lost keys without having to contact support staff at the USPTO.
