**[Docket No. CP09-38-000]**

#### **Transcontinental Gas Pipe Line Corporation; Copano Field Services/Central Gulf Coast, L.P.; Notice of Application**

Take notice that on December 19, 2008, Transcontinental Gas Pipe Line Corporation (Transco), PO Box 1396, Houston, Texas 77251-1396 and Copano Field Services/Central Gulf Coast, L.P. (Copano), 2727 Allen Parkway, Suite 1200, Houston, Texas 77019, filed in Docket No. CP09-38-000 an application pursuant to section 7(b) of the Natural Gas Act (NGA) requesting that the Commission grant Transco approval to abandon by sale to Copano certain natural gas pipelines facilities in South Texas, including the McMullen Lateral. Additionally, Copano requests that the Commission finds that such facilities will perform gathering function upon their abandonment by

sale from Transco to Copano and will be exempt from the Commission's jurisdiction pursuant to section 1(b) of the NGA, as well as the two natural gas pipelines Copano is proposing to construct to connect the McMullen Lateral to its processing plant, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or toll free at (866) 208-3676, or TTY, contact (202) 502-8659.

Any questions concerning this application may be directed to Scott Turkington, Director, Rates & Regulatory, Transcontinental Gas Pipe Line Corporation, PO Box 1396, Houston, Texas, 77251-1396 at (713) 215-3391 or by e-mail at [scott.c.turkington@williams.com](mailto:scott.c.turkington@williams.com), or to Brian D. Eckhart, Senior Vice President, Transportation and Supply, Copano Energy, 2727 Allen Parkway, Suite 1200, Houston, Texas 77019 at (713) 621-9547 or by e-mail at [Brian.Eckhart@copanoenergy.com](mailto:Brian.Eckhart@copanoenergy.com).

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance

with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentators will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentators will not be required to serve copies of filed documents on all other parties. However, the non-party commentators will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the

"eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.
