SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. Abstract: The No Child Left Behind Act (NCLB) requires districts with Title I schools that fall short of state standards for three years or more to offer supplemental educational services (SES) to their students from low-income families who attend these schools. SES are tutoring or other academic support services offered outside the regular school day by state-approved providers free of charge to eligible students. Parents can choose the specific SES provider from among a list approved to serve their area. The U.S. Department of Education has commissioned Mathematica Policy Research to evaluate the impact of SES on student achievement in up to nine school districts across the country. Findings of the study will not only inform national policy discussions about SES, but will also provide direct feedback to participating districts about the effectiveness of the SES offered to their students.
