

or by bidders. In addition, the GDIS should clearly identify the data type (2-D or 3-D, pre-stack or post-stack and time or depth); data extent (i.e., number of line miles for 2D or number of blocks for 3D) and migration algorithm of the data and information. The statement must also include the name and phone number of a contact person, and an alternate, who are both knowledgeable about the information and data listed and available for 30 days post-sale, the processing company, date processing completed, owner of the original data, original data survey name and permit number. The MMS reserves the right to query about alternate data sets and to quality check and compare the listed and alternative data sets to determine which data set most closely meets the needs of the fair market value determination process.

The statement must also identify each block upon which a bidder bid, or participated in a bid, but for which it did not use processed or reprocessed pre- or post-stack geophysical data and information as part of the decision to bid or to participate in the bid. The GDIS must be submitted, even if no enhanced geophysical data and information were used for bid preparation of the tract.

In the event your company supplies any type of data to the MMS, in order to get reimbursed, your company must be registered with the Central Contractor Registration (CCR) provided via Web site at: <http://www.ccr.gov>. This is a requirement that was implemented on October 1, 2003, and requires all entities doing business with the Government to complete a business profile in CCR and update it annually. Payments are made electronically based on the information contained in CCR. Therefore, if your company is not actively registered in CCR, the MMS will not be able to reimburse or pay your company for any data supplied.

Please also refer to the Final NOS 208 Package for more detail concerning submission of the GDIS, making the data available to the MMS following the lease sale, preferred format, reimbursement for costs, and confidentiality.

**Force Majeure:** The Regional Director of the MMS Gulf of Mexico Region has the discretion to change any date, time, and/or location specified in the Final NOS 208 Package in case of a force majeure event which the Regional Director deems may interfere with the carrying out of a fair and proper lease sale process. Such events may include, but are not limited to, natural disasters (e.g., earthquakes, hurricanes, floods), wars, riots, acts of terrorism, fire,

strikes, civil disorder or other events of a similar nature. In case of such events, bidders should call (504) 736-0557 or access our Web site at: <http://www.gomr.mms.gov> for information about any changes.

### In the Matter of: Certain Systems for Detecting and Removing Viruses or Worms, Components Thereof, and Products Containing Same; Notice of a Commission Determination Not To Review an Initial Determination Terminating the Investigation Based on a Cross-Licensing Agreement

**AGENCY:** U.S. International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination ("ID") (Order No. 26) of the presiding administrative law judge ("ALJ") terminating the above-captioned investigation based on a cross-licensing agreement.

International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone 202-205-2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on the matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on December 31, 2007, based on a

complaint filed on November 21, 2007, by Trend Micro Incorporated ("Trend Micro") of Cupertino, California. 72 FR 74329-30. The complaint alleges violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain systems for detecting and removing viruses or worms, components thereof, and products containing same by reason of infringement of claims 2 and 4-22 of U.S. Patent No. 5,623,600 ("the '600 patent"). The complaint named three respondents: Barracuda Networks, Inc. of Campbell, CA ("Barracuda"); Panda Software International S.L. of Spain; and Panda Distribution, Inc. of Glendale, CA (collectively "Panda"). The complaint further alleged that an industry in the United States exists as required by subsection (a)(2) of section 337.

On March 14, 2008, the Commission issued notice of its determination not to review an ID granting Trend Micro's and Panda's joint motion to terminate the investigation as to Panda on the basis of a settlement agreement. On July 11, 2008, the Commission issued notice of its determination not to review an ID granting Trend Micro's motion to terminate the investigation in part on the basis of withdrawal of claims 2, 5-8, 12, 16-17, 20, and 22 of the '600 patent. On September 29, 2008, the Commission issued notice of its determination not to review an ID granting Trend Micro's motion to terminate the investigation in part on the basis of withdrawal of claims 14, and 18-19 of the '600 patent.

On October 16, 2008, Trend Micro and Barracuda filed a joint motion to terminate the investigation on the basis of a cross-licensing agreement.

The ALJ issued the subject ID on December 10, 2008, granting the joint motion to terminate. No party petitioned for review of the ID pursuant to 19 CFR 210.43(a), and the Commission found no basis for ordering a review on its own initiative pursuant to 19 CFR 210.44. The Commission has determined not to review the ID, and to terminate the investigation in its entirety.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in sections 210.21(a) and 210.42(h)(3) of the Commission's Rules of Practice and Procedure (19 CFR 210.21(a), 210.42(h)(3)).

By order of the Commission.

Issued: January 8, 2009.
