

ENVIRONMENTAL PROTECTION AGENCY**[EPA-HQ-OPP-2008-0650; FRL-8398-6]****Petition for Rulemaking Requesting EPA Regulate Nanoscale Silver Products as Pesticides; Extension of Comment Period****AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Notice; extension of comment period.

SUMMARY: EPA issued a notice in the *Federal Register* of November 19, 2008, concerning a petition for rulemaking and collateral relief filed by the International Center for Technology Assessment (ICTA) and others. In general, the petition requests that the Agency classify nanoscale silver as a pesticide, require formal pesticide registration of all products containing nanoscale silver, analyze the potential human health and environmental risks of nanoscale silver, take regulatory actions under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) against existing products that contain nanoscale silver, and take other regulatory actions under FIFRA as appropriate for nanoscale silver products. This document extends the comment period for 60 days from January 20, 2009 to March 20, 2009.

DATES: Comments, identified by docket identification (ID) number EPA-HQ-OPP-2008-0650, must be received on or before March 20, 2009.

ADDRESSES: Follow the detailed instructions as provided under **ADDRESSES** in the *Federal Register* document of November 19, 2008 (73 FR 69644).

FOR FURTHER INFORMATION CONTACT: Nathanael R. Martin, Field and External Affairs Division (7506P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: 703-305-6475; e-mail address: martin.nathanael@epa.gov.

SUPPLEMENTARY INFORMATION: This document extends the public comment period established in a notice that was published in the *Federal Register* of November 19, 2008 (73 FR 69644) (FRL-8386-4). In that document, the Agency made the petition submitted by ICTA et al., available for review and asked for public comment on the same. On December 12, 2008, EPA received a request from ICTA to extend the comment period on the petition. EPA is hereby extending the comment period,

which was set to end on January 20, 2009, to March 20, 2009.

To submit comments, or access the public docket, please follow the detailed instructions as provided under **ADDRESSES** in the November 19, 2008 *Federal Register* document. If you have questions, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

List of Subjects

Environmental protection, Nanotechnology, Pesticides and pests.

Dated: January 8, 2009.

Martha Monell,

Acting Director, Office of Pesticide Programs.

BILLING CODE 6560-50-S**ENVIRONMENTAL PROTECTION AGENCY****[FRL-8762-2]****Request for Amendment of Designation Prohibiting Discharges of Dredged or Fill Material to the Bayou aux Carpes Clean Water Act Section 404(c) Site, Louisiana****AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Notice of Public Hearing and Request for Comments.

SUMMARY: In 1985, EPA prohibited the discharge of dredged or fill material to wetlands in the Bayou aux Carpes Swamp pursuant to Section 404(c) of the Clean Water Act (CWA). On November 4, 2008, the New Orleans District of the U.S. Army Corps of Engineers (Corps) requested that EPA modify that designation to accommodate discharges to the Bayou aux Carpes wetlands associated with post-Katrina upgrades to the West Bank and Vicinity Hurricane Protection Levee system in Jefferson Parish, Louisiana. EPA solicits written public comment on that request and will hold a public hearing for receipt of comments.

Public Hearing: The public hearing will be held in the District Assembly Room at the U.S. Army Corps of Engineers New Orleans District office, 7400 Leake Avenue, New Orleans, LA 70118. The public hearing will commence at 6 p.m. on February 11, 2009, and will end when all comments have been received. During the hearing, any member of the public may submit written comments or present comments verbally.

Public Comments: In addition to providing comments at the public hearing, written comments on the CWA

Section 404(c) modification request may be submitted to EPA for 30 days following the date of this notice.

Comments should be addressed to Ms. Barbara Keeler (6WQ-EC), EPA Region 6, 1445 Ross Avenue, Dallas, TX 75202-2733. All comments should directly address whether the 1985 Bayou aux Carpes CWA Section 404(c) EPA Final Determination should be modified as requested by the Corps.

FOR FURTHER INFORMATION CONTACT: For information regarding this matter, contact Ms. Barbara Keeler by phone at (214) 665-6698 or by e-mail at keeler.barbara@epa.gov. Copies of the modification request and supporting documentation are available online at: http://www.nolaenvironmental.gov/nola_public_data/projects/usace_levee/docs/original/ModificationLetterToEPA4Oct08.pdf. Additional project information may be found at: http://www.nolaenvironmental.gov/projects/usace_levee/IER.aspx?IERID=12.

SUPPLEMENTARY INFORMATION: The Bayou aux Carpes CWA Section 404(c) site is located approximately ten miles south of New Orleans, Louisiana, on the West Bank of Jefferson Parish. The site covers approximately 3200 acres, including about 3000 acres of wetlands subject to federal jurisdiction under the CWA. The area is bounded on the north by the east-west Old Estelle Pumping Station Outfall Canal, on the east by Bayou Barataria (Gulf Intracoastal Waterway), on the south by Bayou Barataria and Bayou des Familles, and on the west by State Highway 3134 and the "V-Levee." Immediately across State Highway 3134 to the west of the site is the Barataria Unit of Jean Lafitte National Historical Park and Preserve.

Section 404(c) of the CWA authorizes EPA to restrict or prohibit the use of a wetland area as a disposal site for dredged or fill material if the discharge will have unacceptable adverse effects on municipal water supplies, shellfish beds and fishery areas (including spawning and breeding areas), wildlife, or recreational areas. EPA published a CWA Section 404(c) Final Determination prohibiting, with three exceptions, future discharges of dredged or fill material to wetlands in the Bayou aux Carpes site at 50 FR 47267 (November 15, 1985). Since then, the Agency has received two other requests for modification.

In connection with initial construction of the West Bank Hurricane Protection Levee, the Corps requested that EPA modify its CWA Section 404(c) designation to allow extension of the toe of the "V-Levee"

into the protected Bayou aux Carpes area. The Corps stated that such a modification would result in significant cost savings to the government and would affect only a relatively small part of the area protected by the Section 404(c) designation. EPA summarily denied that request and in 1988 the Corps modified the levee alignment to avoid discharges to the Bayou aux Carpes CWA Section 404(c) area.

In 1992, Shell Pipeline Corporation requested that EPA amend the designation to allow the discharge of dredged and fill material to wetlands in the Bayou aux Carpes CWA Section 404(c) area in connection with emergency reconstruction of a leaking pipeline. After notifying interested parties of the request via **Federal Register** publication and coordinating with the Corps and other agencies, EPA granted the request, publishing the decision at 57 FR 3757 (January 31, 1992). EPA concluded that relocating the pipeline to non-wetlands was infeasible from the perspectives of engineering and public safety, and that the work would have only minimal and temporary effects on the wetlands at issue.

The request noticed today was submitted by the Corps and is associated with proposed improvements to the West Bank and Vicinity Hurricane Protection Levee system. By way of a letter dated November 8, 2008, the Corps requested that the designation be modified to allow construction of an earthen berm and floodwall in an area disturbed by dredged material discharges predating the 1985 404(c) designation. The construction area is located along the west bank of the Gulf Intracoastal Waterway, or Bayou Barataria, from its junction with the Old Estelle Pumping Station Outfall Canal to a point at which the Corps proposes to construct a sector gate across the Waterway. As described in the modification request, the berm and floodwall would be 14 to 16 feet high and would occupy an area no greater than 4,200 linear feet by 100 linear feet. No more than ten acres of wetlands in the Bayou aux Carpes CWA Section 404(c) site would be affected and other design and construction features have been incorporated to minimize impacts to the wetlands.

The Corps is currently gathering baseline data to evaluate potential wetland mitigation options and other project features to improve the existing hydrology of the Bayou aux Carpes site. The Corps has committed to constructing those features if the analyses indicate that they would be ecologically beneficial. Discharges of

dredged or fill material associated with such construction would require no additional modification to the CWA Section 404(c) designation, which contains an exception for approved habitat enhancement projects.

Additional information on the Corps project and its relationship to the Bayou aux Carpes site may be found in the alternative National Environmental Policy Act document, known as Individual Environmental Report #12 (IER #12), which is posted online at: http://www.nolaenvironmental.gov/projects/usace_levee/IER.aspx?IERID=12.

The public hearing referenced above will be jointly conducted by EPA Region 6 and the Corps. At the hearing, EPA will receive comments on the Corps request to EPA to modify the Bayou aux Carpes CWA Section 404(c) designation and the Corps will receive comments on IER #12.

After considering all comments submitted, EPA Region 6 will transmit to the EPA Office of Water in Washington, DC, a written recommendation on whether the CWA Section 404(c) modification request should be granted or denied. The Assistant Administrator for Water will make the final decision and publish a notice of its availability in the **Federal Register**.

Dated: January 6, 2009.

Richard E. Greene,

Regional Administrator, EPA Region 6.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission for Extension Under Delegated Authority, Comments Requested

January 8, 2009.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act (PRA) of 1995, 44 U.S.C. 3501-3520. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that

does not display a valid control number. Comments are requested concerning (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before March 16, 2009. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser, Office of Management and Budget, (202) 395-5887, or via fax at 202-395-5167 or via Internet at

Nicholas.A.Fraser@omb.eop.gov and to *Judith-B.Herman@fcc.gov*, Federal Communications Commission, or an e-mail to *PRA@fcc.gov*. To view a copy of this information collection request (ICR) submitted to OMB: (1) Go to the Web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the Web page called "Currently Under Review", (3) click on the downward-pointing arrow in the "Select Agency" box below the "Currently Under Review" heading, (4) select "Federal Communications Commission" from the list of agencies presented in the "Select Agency" box, (5) click the "Submit" button to the right of the "Select Agency" box, and (6) when the list of FCC ICRs currently under review appears, look for the title of this ICR (or its OMB Control Number, if there is one) and then click on the ICR Reference Number to view detailed information about this ICR.

FOR FURTHER INFORMATION CONTACT: For additional information, contact Judith B. Herman at 202-418-0214 or via the Internet at *Judith-B.Herman@fcc.gov*.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0755.

Title: Sections 59.1 through 59.4, Infrastructure Sharing.

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit.
