

those employees. Before entering into such a contract, the Department will require the contractor to maintain Privacy Act safeguards as required under 5 U.S.C. 552a(m) with respect to the records in the system.

DISCLOSURE TO CONSUMER REPORTING AGENCIES:

Not applicable to this system notice.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

The Department maintains records on CD-ROM, and the contractor (Mathematica Policy Research, Inc.) maintains data for this system on computers and in hard copy.

RETRIEVABILITY:

Records in this system are indexed and retrieved by a number assigned to each individual that is cross-referenced by the individual's name on a separate list.

SAFEGUARDS:

All physical access to the Department's site and to the sites of the Department's contractor where this system of records is maintained is controlled and monitored by security personnel. The computer system employed by the Department offers a high degree of resistance to tampering and circumvention. This security system limits data access to Department and contract staff on a need-to-know basis, and controls individual users' ability to access and alter records within the system. The contractor will establish similar sets of procedures at its sites to ensure confidentiality of data. The contractor's system is required to ensure that information identifying individuals is in files physically separated from other research data. The contractor will maintain security of the complete set of all master data files and documentation. Access to individually identifying data will be strictly controlled. At each contractor site, all data will be kept in locked file cabinets during nonworking hours, and work on hardcopy data will take place in a single room, except for data entry. Physical and cyber security of electronic data will also be maintained. Security features that protect project data include: Password-protected accounts that authorize users to use the contractor's systems but to access only specific network directories and network software; user rights and directory and file attributes that limit those who can use particular directories and files and determine how they can use them; and additional security

features that the network administrators will establish for projects as needed. The contractor employees who "maintain" (collect, maintain, use, or disseminate) data in this system must comply with the requirements of the confidentiality standards in section 183 of the ESRA (20 U.S.C. 9573).

RETENTION AND DISPOSAL:

Records are maintained and disposed of in accordance with the Department's Records Disposition Schedules (ED/RDS, Part 3, Item 2b and Part 3, Items 4b and 5a).

SYSTEM MANAGER AND ADDRESS:

Acting Associate Commissioner, Evaluation Division, National Center for Education Evaluation and Regional Assistance, Institute of Education Sciences, U.S. Department of Education, 555 New Jersey Avenue, NW., room 502E, Washington, DC 20208.

NOTIFICATION PROCEDURE:

If you wish to determine whether a record exists regarding you in the system of records, contact the systems manager. Your request must meet the requirements of the regulations in 34 CFR 5b.5, including proof of identity.

RECORD ACCESS PROCEDURE:

If you wish to gain access to your record in the system of records, contact the system manager. Your request must meet the requirements of the regulations in 34 CFR 5b.5, including proof of identity.

CONTESTING RECORD PROCEDURE:

If you wish to contest the content of a record regarding you in the system of records, contact the system manager. Your request must meet the requirements of the regulations in 34 CFR 5b.7, including proof of identity.

RECORD SOURCE CATEGORIES:

The system of records will include individually identifying information collected from school districts on third- to eighth graders applying to participate in Title I SES and the SES provider organization for each student participating in SES. Data collected will include information about the student applicants participating in the evaluation, including names; demographic information such as race, ethnicity, gender, age, and educational background; level of participation in SES programs; scores on State reading or mathematics achievement tests, or both; and, for each student participating in SES, the name and characteristics of SES provider organizations such as type of provider (district, private for profit, non-profit, community-based

organization), location (at student's school or not at student's school), delivery method (teacher, technology, distance learning), and delivery group size (one-on-one, small group, large group).

EXEMPTIONS CLAIMED FOR THE SYSTEM:

None.

DEPARTMENT OF ENERGY

Notice of Availability: Office of Civilian Radioactive Waste Management; National Transportation Plan, Revision 0

AGENCY: Department of Energy.

ACTION: Notice of availability.

SUMMARY: The Department of Energy's (DOE's) Office of Civilian Radioactive Waste Management (OCRWM) is making available its *National Transportation Plan, Revision 0* (DOE/RW-0603, January 2009) for public review and comment. The *National Transportation Plan* outlines OCRWM's current strategy and planning for developing and implementing the transportation system that will be required to transport spent nuclear fuel (SNF) and high-level radioactive waste (HLW) from where the material is generated or stored to the proposed repository at Yucca Mountain, Nevada. OCRWM does not expect actual shipments to begin before 2020, but has started the transportation planning process well in advance to ensure the concerns and input of State, Tribal and local officials, as well as other involved and interested parties, are taken into account. OCRWM's *National Transportation Plan* will be updated as appropriate to accommodate changes to the waste management system, reflect progress in the development and implementation of the transportation system, and incorporate stakeholder and public comments. OCRWM also anticipates that detailed implementation plans will be developed in collaboration with the stakeholder community.

DATES: Interested persons are invited to submit comments on or before April 30, 2009.

ADDRESSES: The document is being made available on the OCRWM Web site at <http://www.ocrwm.doe.gov>. Persons wishing to receive a print copy via regular mail should contact: Mr. Frank Moussa, U.S. Department of Energy, OCRWM Office of Logistics Management, 1000 Independence Avenue, SW., Washington, DC 20585-0001. Written comments should be submitted electronically via the Web at <http://www.ocrwm.doe.gov>, or by regular mail to Mr. Frank Moussa at the address identified above.
