

fishery. In the case of Bering Sea flatfish fisheries, seasons have been cut short by the halibut bycatch cap before the quotas have been reached. Accurately accounting for halibut in NMFS estimates of mortality and assuring that each halibut returned to the sea has the highest possible chance of survival are therefore high priorities for the IPHC's, the Council's, and NMFS's management goals for both halibut and groundfish.

Before halibut are discarded at-sea, the catch must first be estimated by at-sea observers. In order to credibly account for halibut catch and to ensure that the catch and discard of halibut is observed, NMFS prohibits any removal of halibut from a cod end, bin, or conveyance system prior to being observed and enumerated by an at-sea observer.

With the implementation of Amendment 80 to the FMP on September 14, 2007 (72 FR 52668), allocation of halibut was modified for certain vessels, but halibut bycatch continued to limit fishing in some fisheries. The Amendment 80 sector received an initial allocation of 2,525 mt of halibut bycatch mortality, but that allocation will decrease by 50 mt per year until it reaches 2,325 mt in 2012 and subsequent years. In certain years, this amount is less than the sector's historic catch; therefore, finding ways to accurately estimate halibut survival is important for this sector.

This application for an EFP from NPF proposes to study two methods for predicting halibut survival. It would allow researchers onboard a catcher processor vessel to collect approximately 100 halibut caught with non-pelagic trawl gear and evaluate a reflex action mortality predictor (RAMP) for predicting delayed mortality in individual trawl-caught halibut. The RAMP method would be combined with and compared to the existing IPHC halibut mortality predictor currently used by observers. To assess and compare these two methods, halibut would be held in live tanks on a vessel and assessed by each method. The collection and holding of halibut in this manner requires an exemption from regulations that prohibit retention of halibut by trawl gear, and requiring that all halibut caught with this gear be released as soon as possible (§ 679.7(a)(12), and § 679.21(b)(2)(ii)).

This EFP would apply for the period of time required to complete the experiment during 2009, in areas open to directed fishing for flatfish. It would be of limited scope and duration and would not be expected to change the nature or duration of the groundfish fishery, fishing practices or gear used by

this vessel, or the amount or species of fish caught.

The activities that would be conducted under this EFP are not expected to have a significant impact on the human environment as detailed in the categorical exclusion issued for this action (see **ADDRESSES**).

In accordance with § 679.6, NMFS has determined that the proposal warrants further consideration and has forwarded the application to the Council to initiate consultation. The Council will consider the EFP application during its February 4-10, 2009, meeting, which will be held at the Renaissance Hotel in Seattle, Washington. The applicant has been invited to appear in support of the application.

Public Comments

Interested persons may comment on the application at the February 2009 Council meeting during public testimony. Information regarding the meeting is available at the Council's website at <http://www.fakr.noaa.gov/npfmc/council.htm>. Copies of the application and categorical exclusion are available for review from NMFS (see **ADDRESSES**).

Todd A. Stevenson,

Secretary.

United States of America

Consumer Product Safety Commission

In the Matter of Lasko Products Inc., a corporation

[CPSC Docket No. 09-C0003]

Settlement Agreement

1. This Settlement Agreement ("Agreement") is made by and between the staff ("staff") of the U.S. Consumer Product Safety Commission ("Commission") and Lasko Products Inc. ("Lasko"), a corporation, in accordance with 16 CFR 1118.20 of the Commission's Procedures for Investigations, Inspections, and Inquiries under the Consumer Product Safety Act ("CPSA"). This Agreement and the incorporated attached Order ("Order") resolve the staffs allegations set forth below.

The Parties

2. The Commission is an independent federal regulatory agency established pursuant to, and responsible for the enforcement of the CPSA, 15 U.S.C. 2051-2089.

3. Lasko is a corporation organized and existing under the laws of the Commonwealth of Pennsylvania, with its principal corporate office located in West Chester, Pennsylvania.

4. At all times relevant herein, Lasko designed, manufactured and sold portable electric fans, including those that are the subject of the Agreement and Order.

Staff Allegations

5. Between 1999 and 2001, Lasko manufactured and distributed approximately 5.6 million of the subject portable electric fans under the following brand names and model numbers: Lasko 2135, 3300, 3400, 3410, 3510, 3515, 3521, 3550, 3700, 3723,

3733, 3750, 3800; Galaxy 3733; General Electric 106600, 106620, 106630; and Air King 9500, and 9515, (collectively, "fans" or "products"). The fans were sold from 2000 through 2004, by distributors and in retail stores nationwide, for between \$10 and \$25.

6. The fans are "consumer product(s)" and, at all times relevant herein, Lasko was a "manufacturer" of "consumer product(s)," which were "distributed in commerce" as those terms are defined or used in sections 3(a)(3), (5), (8), and (11) of the CPSA, 15 U.S.C. 2052(a)(3), (5), (8), and (11).

7. The fans are defective because it is possible for an internal short to occur in the motor windings of some of the fans, which may cause the fans to overheat, smoke and/or catch fire, thereby presenting a substantial product hazard to consumers.

8. Between November 2002 and September 2005, Lasko received approximately forty two (42) reports of incidents involving certain fans overheating, smoking, melting or catching fire, which caused property damage and at least nine (9) personal injuries. Lasko filed its Initial Report on July 13, 2005 and filed its Full Report on September 2, 2005. The fans were recalled on February 8, 2006.

9. Although Lasko had obtained sufficient information to reasonably support the conclusion that the fans contained a defect which could create a substantial product hazard, or created an unreasonable risk of serious injury or death, it failed to immediately inform the Commission of such defect or risk as required by sections 15(b)(3) and (4) of the CPSA, 15 U.S.C. 2064(b)(3) and (4). In failing to do so, Lasko "knowingly" violated section 19(a)(4) of the CPSA, 15 U.S.C. 2068(a)(4), as the term "knowingly" is defined in section 20(d) of the CPSA, 15 U.S.C. 2069(d).

10. Pursuant to section 20 of the CPSA, 15 U.S.C. 2069, Lasko is subject to civil penalties for its failure to report as required under section 15(b) of the CPSA, 15 U.S.C. 2064(b).

Response of Lasko

11. In the spring and early summer of 2005, Lasko received notice of a number of claims and/or received certain products for inspection that indicated a potential pattern of failure that had not been seen prior to that time.

12. The number and the nature of incidents or claims reported to Lasko prior to the summer of 2005 was insufficient to indicate any specific failure mode, pattern of failure or to reasonably support the conclusion that the fans contained a defect which could create a substantial product hazard, or

created an unreasonable risk of serious injury or death.

13. Lasko immediately commenced an investigation and provided the Commission with an Initial Report, in a timely manner, on July 13, 2005.

14. Lasko specifically denies that it failed to immediately inform the Commission of any defect or risk as required by sections 15(b)(3) and (4) of the CPSA, 15 U.S.C. 2064(b)(3) and (4). Lasko further denies that it in any way or "knowingly" violated section 19(a)(4) of the CPSA, 15 U.S.C. 2068(a)(4), as the term "knowingly" is defined in section 20(d) of the CPSA, 15 U.S.C. 2069(d).

Agreement of the Parties

15. Under the CPSA, the Commission has jurisdiction over this matter and over Lasko.

16. In settlement of the staff's allegations, Lasko agrees to pay a civil penalty of five hundred thousand dollars (\$500,000.00) within twenty (20) calendar days of receiving service of the Commission's final Order accepting the Agreement. This payment shall be made by check payable to the order of the United States Treasury and mailed to Cheryl Falvey, General Counsel, Office of the General Counsel, U.S. Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814.

17. The parties enter the Agreement for settlement purposes only. The Agreement does not constitute an admission by Lasko or a determination by the Commission that Lasko violated the CPSA's reporting requirements.

18. Upon provisional acceptance of the Agreement by the Commission, the Agreement shall be placed on the public record and published in the **Federal Register** in accordance with the procedures set forth in 16 CFR 1118.20(e). If the Commission does not receive any written requests not to accept the Agreement within 15 calendar days, the Agreement shall be deemed finally accepted on the 16th calendar day after the date it is published in the **Federal Register**, in accordance with 16 CFR 1118.20(f).

19. Upon the Commission's final acceptance of the Agreement and issuance of the final Order, Lasko knowingly, voluntarily and completely waives any rights it may have in this matter to the following: (i) An administrative or judicial hearing; (ii) judicial review or other challenge or contest of the Commission's actions; (iii) a determination by the Commission as to whether Lasko failed to comply with the CPSA and the underlying regulations; (iv) a statement of findings of fact and conclusions of law; and (v)

any claims under the Equal Access to Justice Act.

20. The Commission may publicize the terms of the Agreement and Order.

21. The Agreement and Order shall apply to, and be binding upon Lasko and each of its successors and assigns.

22. The Commission's Order in this matter is issued under the provisions of the CPSA, and a violation of the Order may subject those referenced in paragraph 21 above to appropriate legal action.

23. This Agreement may be used in interpreting the Order. Agreements, understandings, representations, or interpretations made apart from those contained in the Agreement and Order may not be used to vary or to contradict their terms.

24. The Agreement shall not be waived, amended, modified, or otherwise altered, without written agreement thereto executed by the party against whom such amendment, modification, alteration, or waiver is sought to be enforced.

25. If, after the effective date hereof, any provision of the Agreement and the Order is held to be illegal, invalid, or unenforceable under present or future laws effective during the terms of the Agreement and the Order, such provision shall be fully severable. The balance of the Agreement and Order shall remain in full force and effect, unless the Commission and Lasko agree that severing the provision materially affects the purpose of the Agreement and Order.
