

biological resources, cultural resources, traffic, socioeconomic and environmental justice, general services, utilities and infrastructure, and environmental health and safety. With the exception of noise and aesthetics, no significant impacts are identified for any resource area. Potentially significant noise impacts may occur at one receptor (Town Point Park), depending on the actual dredge equipment to be used. The Navy's policy is to comply with local noise ordinances to the maximum extent practicable, therefore mitigation or minimization measures may be implemented, if needed, at Town Point Park. There is also a potential for cumulative visual impacts from implementation of the proposed action due to the need for the USACE to increase the height of dikes surrounding the containment cells at the CIDMMA to maintain capacity.

The DEIS was distributed to Federal, State, and local agencies, elected officials, and interested individuals and organizations. The public comment period will end on March 2, 2009. Copies of the DEIS are available for public review at the following libraries: Norfolk Main Library, 235 East Plume Street, Norfolk, VA; Portsmouth Main Library, 601 Court Street, Portsmouth, VA; Churchland Branch Library, 3215 Academy Avenue, Portsmouth, VA; and the South Norfolk Memorial Library (Chesapeake Public Library System), 1100 Poindexter Street, Chesapeake, VA. The DEIS is also available for electronic public viewing at <http://www.NorfolkdredgingEIS.com>. An electronic copy of the DEIS may be requested by contacting Caren Hendrickson, Naval Facilities Engineering Command, Mid-Atlantic, telephone: 757-444-1030.

Federal, State, and local agencies, and interested parties are invited to be present or represented at the public information meeting on February 11, 2009. To ensure they become part of the official record, written comments may be submitted at the public information meeting or mailed (with a postmark on or before March 2, 2009) to: Mr. John Conway, EIS Project Manager, Naval Facilities Engineering Command Southeast, NAS Jacksonville, Building 135N, Ajax Street, Jacksonville, FL, 32212-0030. Public comments may also be submitted online during the public comment period at <http://www.NorfolkdredgingEIS.com> under the "Send Us Your Comments Link". All comments will be addressed in the Final EIS.

DEPARTMENT OF EDUCATION

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The Leader, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management, invites

comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before March 24, 2009.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g., new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: January 15, 2009.

Angela C. Arrington,
Leader, Information Collections Clearance Division, Regulatory Information Management Services, Office of Management.
