IV. Waiver of Proposed Rulemaking

We ordinarily publish a notice of proposed rulemaking in the **Federal Register** to provide a period for public comment before the provisions of a rule take effect in accordance with section 553(b) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). However, we can waive this notice and comment procedure if the Secretary finds, for good cause, that the notice and comment process is impracticable,

unnecessary, or contrary to the public interest, and incorporates a statement of the finding and the reasons therefore in the notice.

Section 553(d) of the APA ordinarily requires a 30-day delay in effective date of final rules after the date of their publication in the **Federal Register**. This 30-day delay in effective date can be waived, however, if an agency finds for good cause that the delay is impracticable, unnecessary, or contrary to the public interest, and the agency incorporates a statement of the findings

and its reasons in the rule issued. This notice merely corrects a typographical error. Therefore, we find good cause to waive the delay in the effective date.

This correction notice is being republished with the same effective date as if the correction contained herein was published in the **Federal Register** on December 19, 2008, the publication date of the previous notice which this notice corrects.

**FOOTNOTES:**  
 1/ "YES", if FY 2009 or prior fiscal year is the "Fiscal Year Specified", as determined under section 1923(X)(3)(D) of the Social Security Act; "NOT MET", if Fiscal Year Specified has not occurred, and "NA" for States that this provision is not applicable.  
 2/ For Non-Low DSH States, entries in Columns C through Column K are only for States meeting the "Fiscal Year Specified" test ("YES" in Column B). The entry in Column D is the actual prior year (FY 2008) DSH allotment, and for States that FY 2009 is the Fiscal Year Specified, the prior FY 2008 DSH allotment was equal to the FY 2004 allotment.  
 3/ The actual FY 2004 D.C. DSH allotment was \$37,676,000. However, under section 6054 of DRA, for purposes of establishing the actual FY 2006 DSH allotment for D.C., the FY 2004 DSH allotment for D.C. was recalculated as \$57,692,600.  
 4/ Hawaii and Tennessee DSH allotments determined under section 1923(X)(6) of the Act; under this section, Tennessee's DSH payments are limited to 30% of DSH allotment.
