

4-lane expressway up to 100th Street; and (3) Constructing a freeway/expressway similar in scope to Alternative 2 except for the portion between 15th Street and 70th Street where the alignment shifts south by approximately 2190 feet. For this segment the centerline alignment would follow the original easement granted by Los Angeles World Airport (LAWA). Incorporated into and studied with the various build alternatives will be design variations of grade and alignment.

It is anticipated that this new freeway/expressway would be constructed on six to eight feet of fill material. In areas prone to flooding, the fill material (vertical profiles) would increase to avoid flooding problems. Culverts, ditches, and viaducts would also be constructed when necessary to avoid floodwaters and washes. For alternatives 2 and 3, viaducts are proposed from approximately Division Street to 10th Street and at Little Rock Wash. Alternatives 2 and 3 also include a proposal to close the existing partial interchange at SR-14 and Rancho Vista Blvd. and modifying the existing partial interchange at SR-14 and 10th Street West to a full interchange.

It is anticipated that the proposed project may require the following federal approvals and permits: a Biological Opinion from the United States Fish and Wildlife Service, approval of a PM10 and PM2.5 Hot Spot Analysis by the Conformity Working Group for transportation conformity determination under the Clean Air Act, Section 401, 402 and 404 permits under the Clean Water Act, and a Farmland Conversion Impact Rating under the Farmland Protection Policy Act.

Letters describing the proposed action and soliciting comments will be sent to appropriate Federal, State and local agencies, Participating Agencies, Tribal governments, and to private organizations and citizens who have previously expressed or are known to have an interest in this proposal. NEPA requires the lead agency to conduct an early and open process for determining the scope of issues to be addressed and for identifying the significant issues related to a proposed action. In compliance with NEPA, a formal scoping meeting will be held in the City of Palmdale on February 10, 2009 at the Palmdale Cultural Center, located at 38350 N. Sierra Highway, Palmdale, CA 93550. Public notice will be given of the time and place of the meeting.

To ensure that the full range of issues related to this proposed action are addressed and all significant issues identified, comments and suggestions are invited from all interested parties.

Comments or questions concerning this proposed action and the draft EIS should be directed to Caltrans at the address provided above.

Office of Financial Stability

OMB Number: 1505-0210.

Type of Review: Extension.

Title: Troubled Assets Relief Program (TARP) Capital Purchase Program (CPP) Monthly Survey.

Description: Authorized under the Emergency Economic Stabilization Act (EESA) of 2008 (Pub. L. 110-343), the Department of the Treasury has implemented several aspects of the Troubled Asset Relief Program. Among these components is a voluntary Capital Purchase Program (CPP) under which the Department may purchase qualifying capital in U.S. banking organizations. The Treasury invested capital through this program in over 250 financial institutions. As part of this

program, Treasury would like to track how the capital is being used, and whether these capital injections are having the desired effect of ensuring liquidity within the banking system and thereby increasing lending activity. The Treasury will be conducting evaluations using quarterly Call Report data supplied by these financial institutions to their primary regulator. However, in order to have a more frequent and timely snapshot of the current lending environment, Treasury is requesting the ability to conduct a monthly survey of the 20 largest institutions by loans outstanding in order to supplement the quarterly analysis.

Respondents: Businesses and other for-profit institutions.

Estimated Total Reporting Burden: 12,000 hours.

Clearance Officer: Suzanne Tosini, Treasury Office of Financial Stability, 1801 L Street, NW., Washington, DC 20220, (202) 927-9627.

Robert Dahl,

Treasury PRA Clearance Officer.
