SUPPLEMENTARY INFORMATION:

Background

Title II, section 207 of the E-Government Act of 2002 requires Government agencies to improve the methods by which government information, including information on the Internet, is organized, preserved, and made accessible to the public. To meet this goal, FMCSA plans to provide a survey on the FMCSA Portal, allowing users to assess its functionality. This functionality includes the capability for Federal, State, and Industry users to access the Agency's existing safety IT systems with a single set of credentials and have easy access to safety data about the companies that do business with FMCSA. The COMPASS program

will also focus on improving the accuracy of data to help ensure information, such as carrier name and address, is valid and reliable.

FMCSA's legacy information systems are currently operational. However, having this many stand-alone systems has led to data quality concerns, a need for excessive IDs and passwords, and significant operational and maintenance costs. Integrating our information technologies with our business processes will, in turn, improve our operations considerably, particularly in terms of data quality, ease of use, and reduction of maintenance costs.

In early 2007, FMCSA's COMPASS program launched a series of releases of a new FMCSA Portal to its Federal, State and Industry customers. Over the coming years, more than 15 releases are planned. These releases will use portal technology to fuse and provide numerous services and functions via a single user interface and provide tailored services that seek to meet the needs of specific constituencies within our customer universe.

The FMCSA COMPASS Portal will entail considerable expenditure of Federal Government dollars over the years and will fundamentally impact the nature of the relationship between the Agency and its Federal, State, and Industry customers. Consequently, the Agency intends to conduct regular and ongoing assessments of customer satisfaction with COMPASS.

The primary purposes of this assessment are to:

- Determine the extent to which the FMCSA Portal functionality continues to meet the needs of Agency customers;
- Identify and prioritize additional modifications;
- Determine the extent that the FMCSA Portal has impacted FMCSA's relationships with its main customer groups.

The assessment will address:

- Overall customer satisfaction;
- Customer satisfaction against specific items;
- Performance of systems integrator against agreed objectives;
- Desired adjustments and modifications to systems;
- Demonstrated value of investment to FMCSA and DOT;
- Items about the FMCSA Portal that customers like best;
- Customer ideas for making the FMCSA Portal better.

Title: COMPASS Portal Customer Satisfaction Assessment.

OMB Control Number: 2126-0042.

Type of Request: Revision of the currently-approved information collection request.

Respondents: Federal, State, and Industry customers/users.

Estimated Number of Respondents: 100,422.

Estimated Time per Response: Five (5) minutes.

Expiration Date: 08/31/2009.

Frequency of Response: 4 times per year.

Estimated Total Annual Burden: 34,474 hours [(5 minutes to complete survey x 4 times per year = 20 minutes/60 minutes x 140,000 annual industry respondents x .70 (70%) response rate = 32,667) + (5 minutes to complete survey x 4 times per year = 20 minutes/60 minutes x 2,691 State government users x .90 (90%) response rate) = 807 burden hours].

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for FMCSA's performance including its utility in fostering assessment of the Portal; (2) the accuracy of the estimated burden; (3) ways for the FMCSA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized without reducing the quality of the collected information. The Agency will summarize and/or include your comments in the request for OMB's clearance of this information collection request.

Issued on: January 12, 2009.

Terry Shelton,

Associate Administrator for Research and Information Technology.
