1. Oral Comments

Requests to present oral comments will be accepted up to February 9, 2009. To the extent that time permits, interested persons who have not pre-registered may be permitted by the Chair of the HSRB to present oral comments at the meeting. Each individual or group wishing to make brief oral comments to the HSRB is strongly advised to submit their request (preferably via e-mail) to Lu-Ann Kleibacker listed under **FOR FURTHER INFORMATION CONTACT** in order to be included on the meeting agenda and to provide sufficient time for the HSRB Chair and HSRB DFO to review the meeting agenda to provide an appropriate public comment period. Oral comments before the HSRB are limited to 5 minutes per individual or organization. Please note that this includes all individuals appearing either as part of, or on behalf of an organization. While it is our intent to hear a full range of oral comments on the science and ethics issues under discussion, it is not our intent to permit organizations to expand the time limitations by having numerous individuals sign up separately to speak on their behalf. If additional time is

available, there may be flexibility in time for public comments.

2. Written Comments

Although you may submit written comments at any time, for the HSRB to have the best opportunity to review and consider your comments as it deliberates on its report, you should submit your comments at least five business days prior to the beginning of the meeting. If you submit comments after this date, those comments will be provided to the Board members, but you should recognize that the Board members may not have adequate time to consider those comments prior to making a decision. Thus, if you plan to submit written comments, the Agency strongly encourages you to submit such comments no later than noon, EST, February 9, 2009. To ensure proper receipt of all written material by EPA, it is imperative that you identify docket ID number EPA-HQ-ORD-2009-0030 in the subject line on the first page of your submission. In addition, the Agency also requests that person(s) submitting comments directly to the docket also provide a copy of their comments to Lu-Ann Kleibacker listed under **FOR FURTHER INFORMATION CONTACT**. There is no limit on the length of written comments for consideration by the HSRB.

E. Background

1. Human Studies Review Board

The HSRB is a Federal advisory committee operating in accordance with the Federal Advisory Committee Act (FACA) 5 U.S.C. App.2 section 9. The HSRB provides advice, information, and recommendations to EPA on issues related to scientific and ethical aspects of human subjects research. The major objectives of the HSRB are to provide advice and recommendations on: a. Research proposals and protocols; b. reports of completed research with human subjects; and c. how to strengthen EPA's programs for protection of human subjects of research. The HSRB reports to the EPA Administrator through EPA's Science Advisor.

The EPA will present for HSRB review scientific and ethical issues surrounding the reports from a completed field study of mosquito repellent efficacy (SPC-001) and a completed laboratory study of tick repellent efficacy (SPC-002) conducted by Carroll-Loye Biological Research using multiple skin-applied repellent products containing picaridin. In addition, the HSRB will consider and discuss general information about

“spatial” or “area” insect repellent products and their testing, in preparation for expected future reviews of proposals for field efficacy testing of spatial repellents. Insect repellent testing reviewed by the Board in past meetings has concerned only skin-applied repellents, which differ in important ways from spatial repellents. Finally, the HSRB may also discuss planning for future HSRB meetings.

2. Meeting Minutes and Reports

Minutes of the meeting, summarizing the matters discussed and recommendations made, if any, by the advisory committee regarding such matters will be released within 90 calendar days of the meeting. Such minutes will be available at <http://www.epa.gov/osa/hsrb/> and <http://www.regulations.gov>. In addition, information concerning a Board meeting report, if applicable, can be found at <http://www.epa.gov/osa/hsrb/> or from the person listed under **FOR FURTHER INFORMATION CONTACT**.
