k. On behalf of itself, the Skokomish Indian Tribe, and six state and federal agencies, Tacoma filed a comprehensive settlement agreement (Agreement), along with a Joint Explanatory Statement (JES) for the Cushman Project. The purpose of the Agreement is to resolve, among the signatories, outstanding issues associated with the project, including, but not limited to, those associated with the DC Circuit Court of Appeals' remand of the Commission's July 30, 1998 Order Issuing Subsequent Major License. As detailed in the JES, the Agreement and proposed license articles provide specific measures for each of the license obligations set forth in the 1998 Order. The major issues addressed in the Agreement relate to: (1) Project operations (e.g., flows in the North Fork, channel maintenance flows, lake levels, ramping rates, etc.); (2) salmon and steelhead restoration activities (e.g., fish passage, hatchery and stocking program, habitat enhancements, etc.); (3) estuarine habitat enhancement; (4) wildlife habitat enhancement (e.g., land acquisition); (5) flooding on the North Fork and mainstem Skokomish River; (6) shoreline management and recreation access; and (7) adaptive management.

The filing includes a draft of Tacoma's license amendment to construct a new powerhouse at the base of Dam No. 2. Tacoma states that the full amendment will be filed separately, and requests that the Commission process the amendment contemporaneously with the Agreement. Tacoma also requests that the Commission schedule a technical conference to discuss any questions concerning the Agreement. The Commission will address the request for a technical conference after reviewing the comments received on the Agreement, and will institute a proceeding on the amendment application after it is filed.

Tacoma requests that the Commission: (1) Act expeditiously to approve the Agreement without modification; (2) extend the license term to June 30, 2048 (or 50 years from license issuance); and (3) approve the license amendment for the new North Fork powerhouse.
