Memorandum of February 4, 2009

State Children’s Health Insurance Program

Memorandum for the Secretary of Health And Human Services

The State Children’s Health Insurance Program (SCHIP) encourages States to provide health coverage for uninsured children in families whose incomes are too high to qualify for Medicaid but too low to afford private insurance. Since 1997, when SCHIP was enacted, States have had the authority to set their SCHIP income eligibility levels, subject to available funding. In recent years, as the cost of private insurance has increased, States have raised eligibility levels to offer health care coverage to more families, with families paying a share of the cost based on their income.

The August 17, 2007, letter imposes additional requirements that States must meet in order to cover children under SCHIP plans, including plans that CMS had previously approved. These requirements have limited coverage under several State plans that otherwise would have covered additional, uninsured children. As a result, tens of thousands of children have been denied health care coverage. Unless the August 17, 2007, letter is withdrawn, many more children will be denied coverage.

By this memorandum, I request that you immediately withdraw the August 17, 2007, and May 7, 2008, letters to State health officials and implement SCHIP without the requirements imposed by those letters.
