40 CFR Part 52

[WV102-6039; FRL-8750-1]

Approval and Promulgation of Air Quality Implementation Plans; West Virginia; Update to Materials Incorporated by Reference

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; administrative change.

SUMMARY: EPA is updating the materials submitted by West Virginia that are incorporated by reference (IBR) into the State Implementation Plan (SIP). The regulations affected by this update have been previously submitted by the West Virginia Department of Environmental Protection and approved by EPA. This update affects the SIP materials that are available for public inspection at the National Archives and Records Administration (NARA), the Air and Radiation Docket and Information Center located at EPA Headquarters in Washington, DC, and the Regional Office.

DATES: *Effective Date:* This action is effective February 10, 2009.

ADDRESSES: SIP materials which are incorporated by reference into 40 CFR part 52 are available for inspection at the following locations: Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103; the Air and Radiation Docket and Information Center, EPA Headquarters Library, Room Number 3334, EPA West Building, 1301 Constitution Ave., NW., Washington, DC 20460, and the National Archives and Records Administration. If you wish to obtain materials from a docket in the EPA Headquarters Library, please call the Office of Air and Radiation (OAR) Docket/Telephone number: (202) 566-1742; or the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

SUPPLEMENTARY INFORMATION:

I. Background

The SIP is a living document which the State revises as necessary to address the unique air pollution problems.

Therefore, EPA from time to time must take action on SIP revisions containing new and/or revised regulations to make them part of the SIP. On May 22, 1997 (62 FR 27968), EPA revised the procedures for incorporating by reference Federally-approved SIPs, as a result of consultations between EPA and the Office of the Federal Register (OFR). The description of the revised SIP document, IBR procedures and "Identification of plan" format are discussed in further detail in the May 22, 1997 **Federal Register** document. On February 10, 2005 (70 FR 7024), EPA published a **Federal Register** beginning the new IBR procedure for West Virginia. On February 28, 2007 (72 FR 8903), EPA published an update to the IBR material in West Virginia.

II. EPA Action

In this document, EPA is doing the following:

1. Announcing the update to the IBR material as of October 1, 2008.
2. Making corrections to the following entries listed in the paragraph 52.2520(c) chart, as described below:
 - a. Revising the dates in the State effective date and EPA approval date columns of paragraph 52.2520(c) where applicable so that the date format is consistent throughout the paragraph.
 - b. 45 CSR 5—Correcting the regulation title.
 - c. 45 CSR 14 and 45 CSR 19, "Additional explanation at 40 CFR § 52.2565" column, all entries—removing the SIP effective date from each entry.

EPA has determined that today's rule falls under the "good cause" exemption in section 553(b)(3)(B) of the Administrative Procedures Act (APA) which, upon finding "good cause," authorizes agencies to dispense with public participation, and section 553(d)(3) which allows an agency to make a rule effective immediately (thereby avoiding the 30-day delayed effective date otherwise provided for in the APA). Today's rule simply codifies provisions which are already in effect as a matter of law in Federal and approved State programs. Under section 553 of the APA, an agency may find good cause where procedures are "impractical, unnecessary, or contrary to the public interest." Public comment is "unnecessary" and "contrary to the public interest" since the codification only reflects existing law. Immediate notice in the CFR benefits the public by removing outdated citations and incorrect chart entries.

III. Statutory and Executive Order Reviews

A. General Requirements

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and
- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

B. Submission to Congress and the Comptroller General

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement

Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This rule is not a "major rule" as defined by 5 U.S.C. 804(2).

C. Petitions for Judicial Review

EPA has also determined that the provisions of section 307(b)(1) of the Clean Air Act pertaining to petitions for judicial review are not applicable to this action. Prior EPA rulemaking actions for each individual component of the West Virginia SIP compilations had previously afforded interested parties the opportunity to file a petition for judicial review in the United States Court of Appeals for the appropriate circuit within 60 days of such rulemaking action. Thus, EPA sees no need in this action to reopen the 60-day period for filing such petitions for judicial review for this "Identification of plan" reorganization update action for West Virginia.

Approval and Promulgation of Air Quality Implementation Plans; West Virginia; Ambient Air Quality Standards

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is approving a State Implementation Plan (SIP) revision submitted by the State of West Virginia. This revision establishes and requires ambient air quality standards for sulfur oxides, particulate matter, carbon monoxide, ozone, nitrogen dioxide, and lead equivalent to the national primary and secondary ambient air quality standards. This action is being taken under the Clean Air Act (CAA).

DATES: *Effective Date:* This final rule is effective on March 12, 2009.

ADDRESSES: EPA has established a docket for this action under Docket ID Number EPA-R03-OAR-2008-0694. All documents in the docket are listed in the <http://www.regulations.gov> website. Although listed in the electronic docket, some information is not publicly

SUPPLEMENTARY INFORMATION:

I. Background

On October 28, 2008 (73 FR 63915), EPA published a notice of proposed rulemaking (NPR) for the State of West Virginia. The NPR proposed approval of West Virginia's ambient air quality standards for sulfur oxides, particulate matter (PM), carbon monoxide, ozone, nitrogen dioxide, and lead equivalent to the national primary and secondary ambient air quality standards.

II. Summary of SIP Revision

On April 25, 2008, the State of West Virginia submitted as a SIP revision

Rule 45CSR8—Ambient Air Quality Standards, which updates and incorporates all six criteria pollutants to be equivalent to the national ambient air quality standards. The revision repeals rules 45CSR9—Ambient Air Quality Standards for Carbon Monoxide and Ozone and 45CSR12—Ambient Air Quality Standard for Nitrogen Dioxide, and moves these ambient air quality standards into Rule 45CSR8. The revision includes a correction of the sulfur dioxide annual primary standard from 0.003 to 0.030 parts per million (ppm), removes the annual PM₁₀ standard, and incorporates the annual PM_{2.5} standard, the 24-hour PM_{2.5} standard of 35 µg/m³, the primary and secondary standards for lead, and the primary and secondary 1-hour and 8-hour ozone standards. The SIP revision includes the revocation of the 1-hour ozone standard except for Berkeley and Jefferson Counties and it identifies the 1-hour ozone maintenance areas. The SIP revision also adds new reference conditions for PM_{2.5} and measurement methods for PM_{2.5} and lead. Other specific requirements of West Virginia's ambient air quality standards and the rationale for EPA's proposed action are explained in the NPR and will not be restated here. No public comments were received on the NPR.

III. Final Action

EPA is approving Rule Section 45CSR8—Ambient Air Quality Standards as a revision to the West Virginia SIP.
