

collection title, and OMB control number in any correspondence.

FOR FURTHER INFORMATION CONTACT:

Direct requests for additional information regarding the collection listed in this notice, including requests for copies of the proposed information collection and supporting documents, to Andrea Lage, Visa Services, U.S. Department of State, 2401 E Street, NW., L-603, Washington, DC 20522, who may be reached at (202) 663-1399.

SUPPLEMENTARY INFORMATION:

We are soliciting public comments to permit the Department to:

- Evaluate whether the proposed information collection is necessary for the proper performance of our functions.
- Evaluate the accuracy of our estimate of the burden of the proposed collection, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of technology.

Abstract of proposed collection:

The DS-261 allows the beneficiary of an approved and current immigrant visa petition to provide the Department with his current address, which will be used for communications with the beneficiary. The DS-261 also allows the beneficiary to appoint an agent to receive mailings from the National Visa Center (NVC) and assist in the filing of various application forms and/or paying the required fees. The beneficiary is not required to appoint an agent but must provide current contact information. All cases will be held at NVC until the DS-261 is electronically submitted to the Department. If the form is not electronically submitted to the Department within one year, NVC will begin the case termination process.

Methodology:

The DS-261 will be submitted electronically to the Department via the internet. Applicants who submit the electronic form will no longer submit paper-based applications to the Department.

Dated: January 22, 2009.

David T. Donahue,

Deputy Assistant Secretary, Bureau of Consular Affairs, Department of State.

DEPARTMENT OF STATE

[Public Notice 6518]

Notice of Receipt of Application for a Presidential Permit To Operate and Maintain Pipeline Facilities on the Border of the United States

Notice is hereby given that the Department of State has received an application from Dome Petroleum Corp., a North Dakota corporation ("Dome Petroleum"), with its principal address at 4101 Winfield Road, Warrenville, Illinois 60555, and Kinder Morgan Cochin, LLC, ("Kinder Morgan"), a Delaware limited liability company with its principal office at 500 Dallas Street Suite 1000, Houston, TX 77002, for Presidential permits, pursuant to Executive Order 13337 of April 30, 2004, to operate and maintain two cross-border pipelines they recently acquired from Dome Pipeline Corporation ("Dome Pipeline") to transport petroleum, petroleum products, and other liquid hydrocarbons between the United States and Canada, crossing the international boundary line underneath the Detroit River between Detroit, Michigan and Windsor, Canada.

A Permit for these pipelines was originally issued to American Brine, Inc. on October 23, 1957. The permit granted American Brine the authority to construct, connect, operate, and maintain two pipelines (collectively, the "Pipelines") to carry liquid brine between the United States and Canada, crossing underneath the Detroit River between Detroit, Michigan and Windsor, Canada. This permit was superseded by a new permit issued to American Brine on March 13, 1969. Following the sale of these pipelines to Dome Pipeline in 1972, this superseding permit was amended to reflect Dome Pipeline as the new owner, and to permit the pipelines to transport petroleum, petroleum products and other liquid hydrocarbons.

On March 15, 2007 Dome Petroleum sold Dome Pipeline, its former subsidiary, to Kinder Morgan Energy Partners LP, a master limited partnership with its principal office in Houston, Texas. Following the sale, Dome Pipeline was merged into Kinder Morgan Cochin ("Kinder Morgan"), a Delaware limited liability company and subsidiary of Kinder Morgan Energy Partners with its principal office in Houston, Texas.

Under the terms of the all-stock sale, ownership of the Pipelines was to be transferred to Dome Petroleum and Kinder Morgan. Dome Petroleum shall be the sole owner of the pipeline common referred to as the Eastern Delivery System South Pipeline System

(“EDS Pipeline”), located to the east-southeast of the other pipeline. Kinder Morgan shall be the sole owner of the pipeline commonly referred to as the Cochin Pipeline, located to the west-northwest of the EDS Pipeline. Each party shall be solely responsible for the maintenance of their pipeline and any liability associated with that pipeline. All easements, licenses, leases and permits associated with the Pipelines, except for any Presidential permits issued by the Department, and all real property formerly owned in fee by Dome Pipeline, shall be owned jointly by Dome Petroleum and Kinder Morgan as tenants in common. If approved by the Department, separate individual Presidential permits will be issued to Dome Petroleum and Kinder Morgan for their respective pipelines.

According to the application, Dome Petroleum and Kinder Morgan have, in written correspondence to the Department of State, committed to abide by the relevant terms and conditions of the permit previously issued by the Department to Dome Pipeline. Further, Dome Petroleum and Kinder Morgan have indicated in that correspondence that there have been no substantial changes in the operations of the EDS and Cochin pipelines from those originally authorized by the Department and further stated that the future operation of the pipelines will remain essentially unchanged from that previously permitted. Therefore, in accordance with 22 CFR 161.7(b)(3) and the Department’s Procedures for Issuance of a Presidential Permit Where There Has Been a Transfer of the Underlying Facility, Bridge or Border Crossing for Land Transportation (70 FR 30990, May 31, 2005), the Department of State does not intend to conduct an environmental review of the application unless information is brought to its attention that the transfer potentially would have a significant impact on the quality of the human environment.

As required by E.O. 13337, the Department of State is circulating this application to concerned federal agencies for comment.

DATES: Interested parties are invited to submit, in duplicate, comments relative to this proposal on or before March 12, 2009 to J. Brian Duggan, Office of International Energy and Commodities Policy, Department of State, Washington, DC 20520. The application and related documents that are part of the record to be considered by the Department of State in connection with this application are available for inspection in the Office of International

Energy and Commodities Policy during normal business hours.

Federal Highway Administration

Notice of Final Federal Agency Actions on Proposed Highway in Indiana

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of Limitation on Claims for Judicial Review of Actions by FHWA and Other Federal Agencies.

SUMMARY: This notice announces action taken by the FHWA and Other Federal Agencies that are final within the meaning of 23 U.S.C. § 139(l)(1). This action is the Record of Decision issued by FHWA for the U.S. 31 Hamilton County Project in the State of Indiana.

DATES: By this notice, the FHWA is advising the public of final agency actions subject to 23 U.S.C. § 139(l)(1). A claim seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed on or before August 10, 2009. If the Federal law that authorizes judicial review of a claim provides a time period of less than 180 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT: Mr. Lawrence Heil, P.E., Air Quality/Environmental Specialist, Federal Highway Administration, Indiana Division, 575 North Pennsylvania Street, Room 254, 46204; *telephone:* (317) 226-7480; *e-mail:* Larry.Heil@fhwa.dot.gov.

SUPPLEMENTARY INFORMATION: Notice is hereby given that the FHWA has taken final agency action subject to 23 U.S.C. 139(l)(1) by approving the Record of Decision for the following highway project in the State of Indiana: U.S. 31 Hamilton County Project, in Marion and Hamilton Counties. The Selected Alternative provides for an upgrade of existing U.S. 31 to an access-controlled, six-lane freeway between I-465 North Leg and State Road (SR) 38, with the southern terminus of the project extending to 96th Street (approximately 13.1 miles long). The proposed freeway will be substantially within the existing U.S. 31 Corridor, with interchanges and
