

Reporting requirement for funded projects include a report to the Secretary describing the activities carried out in the preceding fiscal year, including, but not limited to, a description of technical assistance provided by the Center; the total number and a description of the sub-grants provided; a complete listing of cases in which the activities of the Center have resulted in increased access to healthy, affordable foods, such as fresh fruit and vegetables, particularly for school-aged children and individuals in low income communities; and a determination of whether the activities identified are sustained during the years following the initial provision of technical assistance and sub-grants.

#### Additional Supplementary Information

It is anticipated that the competitive RFA will request applications within 60 days of issue. Proposals will be accepted through Grants.gov. All proposals meeting requirements of the RFA will be peer reviewed in a CSREES competitive process with one single award for approximately 1 million dollars (less administrative costs). It is anticipated that this will be a continuation award with the potential for three years of funding. A continuation is an award instrument by which the CSREES agrees to support a specified level of effort for a predetermined period of time with a statement of intention to provide additional support at a future date, provided that performance has been satisfactory, appropriations are available for this purpose, and continued support would be in the best interest for the Federal government and the public.

#### Implementation Plans

CSREES plans to consider stakeholder input received from written comments in developing competitive RFAs and implementing regulations for this program. CSREES anticipates releasing a RFA for fiscal year 2009 funds by April 2009.

Done at Washington, DC, this 25th day of February 2009.

## DEPARTMENT OF COMMERCE

#### Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* U.S. Census Bureau.  
*Title:* Generic Clearance for 2010 Census Program for Evaluations and Experiments.

*Form Number(s):* Various.  
*OMB Control Number:* None.  
*Type of Request:* New collection.  
*Burden Hours:* 26,854.  
*Number of Respondents:* 1,815,000.  
*Average Hours per Response:* Between 7 and 10 minutes.

*Needs and Uses:* As with previous decennial censuses dating back to 1950,

the U.S. Census Bureau has undertaken the 2010 Census Program for Evaluations and Experiments (CPEX) to examine methodologies, techniques, and strategies that will potentially improve the way it conducts the next decennial census. The 2010 CPEX will guide future census design, as well as benefit other ongoing programs conducted by the Census Bureau, such as the American Community Survey.

The 2010 CPEX includes four experiments and over 20 evaluations. This request for OMB approval covers all four experiments and four of the 20 evaluations. For the remaining 16 evaluations in the 2010 CPEX, some do not involve data collections and do not require OMB approval; others are still in development, and will be submitted for OMB clearance at a later time. The four experimental studies are as follows: 2010 Alternative Questionnaire Experiment (AQE); 2010 Nonresponse Followup (NRFU) Contact Strategy Experiment; 2010 Deadline Messaging (DM)/Compressed Schedule (CS) Experiment; and 2010 Privacy Notification (PN) Experiment. The four evaluations are as follows: 2010 AQE Reinterview Evaluation; 2010 Content Reinterview Evaluation; 2010 Alternative Group Quarters (GQ) Questionnaire Evaluation; and the 2010 Interactive Voice Response (IVR) Customer Satisfaction Survey Evaluation. The Census Bureau identified the need to include the IVR Customer Satisfaction Survey Evaluation in this generic clearance package after the publication of the pre-submission notice in the **Federal Register** on September 24, 2008. The Census Bureau and the Office of Management and Budget (OMB) have discussed and agree on the inclusion of the IVR Customer Satisfaction Survey Evaluation in this package.

All of the experiments and evaluations are primarily designed for use by the Census Bureau and will inform early 2020 testing and planning. These experiments and evaluations are designed to identify improvements for the next decennial census. Census Bureau managers and planners will use results from these studies to focus 2020 decennial census planning and research.

This request is for a generic clearance, which seeks to gain pre-approval for the evaluations and experiments listed above. General descriptions of each activity, and as much detail as can be provided presently are provided to OMB in this clearance request. However, some details and the forms to be utilized are not finalized as of the date of this submission and are not provided to OMB in the clearance request. These
